- Applications

# What is JNET?

- JNET is the Commonwealth's primary public safety and criminal justice information broker.
- Provides access to 40 applications with information from 19 data providers.
- Offers web services and notifications.

# Data Providers

- Commonwealth Law Enforcement Assistance Network (CLEAN)
- National Crime Information Center (NCIC)
- National Law Enforcement Telecommunications System (NLETS)
- Interstate Identification Index (III)
- Interstate Photo Imaging Network (IPIN)
- Pennsylvania State Police (PSP)
- Administrative Office of Pennsylvania Courts (AOPC)
- Pennsylvania Board of Probation and Parole (PBPP)
- Pennsylvania Department of Corrections (DOC)
- Pennsylvania Department of Transportation (PennDOT)

# Data Providers

- Pennsylvania Juvenile Court Judges' Commission (JCJC)
- Pennsylvania Commission on Sentencing (PCS)
- Pennsylvania Commission on Crime and Delinquency (PCCD)
- Pennsylvania Department of Public Welfare Automated Child Support Enforcement System (PACSES)
- Department of Conservation and Natural Resources (DCNR)
- Department of Health (DOH)
- Department of Human Services (DHS)
- Department of Labor and Industry (DLI)
- Over **100** county adult probation and prison record management systems

# JNET Users

JNET serves law enforcement and public safety officials at the federal, state, and local level. Typical users are police, probation officers, courts, 911 and booking centers, district attorneys and domestic relations.

**37** state organizations

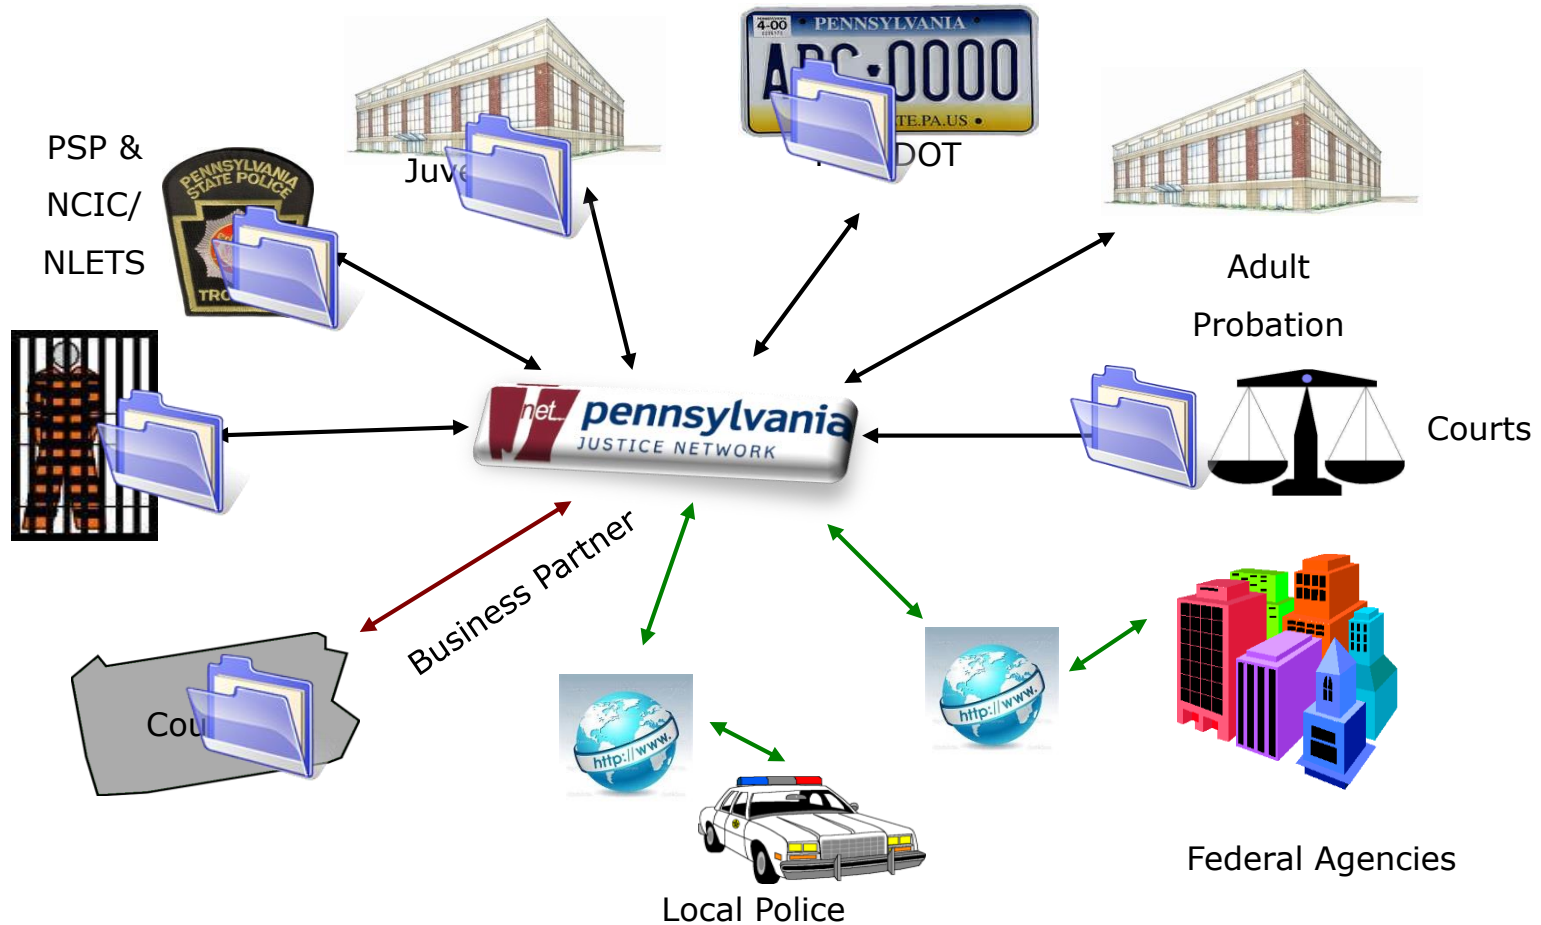

**44** federal agencies

**8** Business Partners

**67** counties connected to JNET

**1,187** municipal police departments

# Information Sharing

# JNET Infrastructure

JNET's Username & Password and OTP solution controls access by using:

- ✓ Base security roles determined by location, job or roles.
- ✓ Application roles.
- ✓ Training requirements.
- ✓ Approval / authorization from agency (Sponsor, JTAC or Business Partners)
- ✓ Second Factor authentication is required for access to criminal history information.

User identities are managed through a combination of NetIQ Access Manager, Identity Management Suite and eDirectory.

# Security Roles

## Role

### Non-Criminal Justice User

## Access

- Public Information only
- Penn DOT Photos

**Non-Criminal Justice (Non-CJ)** - Has access to all public information available within JNET, secure Web mail and Penn DOT Photos. Has *limited* access to criminal justice information through AOPC and *no* access to PSP CCHRI. Users attend or receive overview training.

Generally, persons in this category do not have employment with a criminal justice agency, but support a criminal justice agency during the course of their duties.

Examples include: Treasurers' Office, Prothonotary, Information Tech staff, PA Turnpike Commission etc.

# Security Roles

## Role

### Criminal Justice User

## Access

- Criminal Justice information but not CCHRI
- Public Information
- Penn DOT Certified Driving History (if approved by Sponsor)

**Criminal Justice (CJ)** - Has access to several photo databases through PennDOT and WebCPIN, all criminal justice information available through Dept of Corrections, Probation and Parole and Administrative Office of PA Courts, but *not* PSP CCHRI. Can also access information through Dept of Public Welfare and Domestic Relations.

Criminal Justice agencies have a substantial portion of their budget dedicated to the pursuit of criminal justice activities, such as: detection, apprehension, prosecution, sentencing, detention, supervision, or rehabilitation of criminal offenders.

# Security Roles

## Role

### Criminal History User

## Access

- PSP's centralized Computerized Criminal History Record Information (Rap Sheets, NCIC Information)
- Criminal Justice information
- Public Information

**Criminal History (CH)** - Has access to all criminal justice information available within JNET, *including* the Pennsylvania State Police (PSP) centralized Computerized Criminal History Record Information (CCHRI), thus these users fall under CHRIA statute provisions and audit requirements and also have to be PSP CLEAN Certified.

# Application Roles

- Determined by Dataholder.
- Additional level of security to determine who can view the data.
  - PennDOT
  - JTS
  - Vehicle Certification
  - DHS and
  - JFRS.

# Administrative Roles

## Sponsor

- The role of the Sponsor is to oversee those individuals applying for access to JNET. In most cases, the sponsor is usually the Chief or Director, however the sponsor can be anyone within the agency who understands JNET and the responsibilities of those within their department applying for JNET access.

# Administrative Roles

## Registrar

- The Registrar is responsible for maintaining user's roles and JNET access within the User Provisioning System, which contains information for JNET users.
- Registrars have the ability to add and remove roles, move users from one location to another and downgrade user's access.
- Assist with Password Resets.

# Administrative Roles

## JTAC

- Each agency or county accessing criminal history information through JNET must have a JNET Terminal Agency Coordinator (JTAC). The JTAC is the point of contact concerning all criminal history information accessed by JNET Criminal History (CH) users.
- In addition, the JTAC is responsible for managing all Criminal History certifications, PennDOT transactions and approving Criminal History requests.

# JNET Applications

The JNET Portal is an internet accessible website that provides access to the following applications based on roles.

- AOPC UJS Portal
- Crime Network (cNET)
- DCNR ATV and Snowmobile Inquiry
- DOH Birth Record Inquiry
- Domestic Relations Warrants
- DHS Recipient Address Inquiry
- Electronic Reporting Statistics

The screenshot displays the WebCPIN interface with four columns of image thumbnails. The first column shows a front view of a man with a beard. The second column shows a close-up of his hands with extensive tattoos. The third column shows a close-up of his arms with tattoos. The fourth column shows a profile view of the same man. Below the thumbnails, the text "Matches: 4 Page: 1 of 1" is visible. At the bottom left, there is a dropdown menu for "Image Category" set to "Front View". At the bottom right, there are buttons for "Options", "Reset", and "Find", along with a search bar containing "Image Data 1" and a "Goto" button. A vertical toolbar on the left side of the image area contains various icons for image manipulation.

### DA Link

The [DA Link](#) application is a secure web service which provides Pennsylvania's district attorneys the ability to construct criminal Informations online and submit them electronically to the Courts of Common Pleas. When the criminal Information is electronically accepted in CPCMS, offenses are updated, a docket entry is written to the case and the appropriate case events are added.

### Attorney Registration

The Pennsylvania Annual Registration Form option allows attorneys to register for a secure user account. Upon registration approval from the courts, attorneys can complete the Annual Form and securely pay the annual fee to the Attorney Registration Office of the Disciplinary Board. Payment may be made using a Visa, Mastercard or Discover credit/debit cards or by ATM card.

### Secure Web Docket Sheets

The Secure Web Docket Sheet option provides access to search, view and print docket sheets that contain additional content not accessible for public viewing, for Pennsylvania's [Criminal Courts of Common Pleas](#), [Magisterial District Courts](#) and the [Philadelphia Municipal Court](#). In addition, secure Court Summary Information, Case Accounting and Pre-Sentence Summary reports are available for Criminal Courts of Common Pleas and Philadelphia Municipal Court cases.

### Secure Calendar Schedule

The Secure Calendar Schedule option provides access to search, view and print case events scheduled in the [Criminal Courts of Common Pleas](#) and [Magisterial District Courts](#). The secure version provides additional search options, not available to the public, to find case scheduling information. The secure calendar schedule also lists all case participants and whether attendance at the case event is required.

### Statewide Warrants

The [Statewide Warrants](#) option provides access to view warrants generated from the Common Pleas Criminal Court Case Management System (CPCMS) and the Magisterial District Judge Management System (MDJS). Information pertaining to active warrants is available regardless of the date on which the warrant was issued. Information pertaining to inactive warrants is available for warrants issued within the last year.

### Disposition Lookup

The [Disposition Lookup](#) option provides access for police officers to view dispositions on cases where they are the arresting officer. The information generated is from the Magisterial District Judge Case Management System (MDJS) for criminal, traffic and non-traffic cases.

### Judicial Assignments

The [Judicial Assignments](#) option provides access for the intermediate appellate courts, common pleas courts, and magisterial district courts to request the assignment of a judge to their court.

Please be advised that the capability to view additional JNET documents such as PSP Rap Sheet from within Juvenile Inquiry is temporarily unavailable. It will be available in a future release. PSP Rap Sheets can be accessed through the Master Name Lookup application. On the JNET Navigation Palette found on the left hand side, please click on 'Justice Data' and then 'Master Name Lookup' to access the application.

### To search for juvenile information:

Enter any of the following criteria by tabbing through each field and press the Search button:

1. Enter **Last Name** and **First Name**, optionally followed by **MI** (Middle Initial)
2. Enter Last Name and First Name then optionally Enter Date of Birth (**DOB**) (M[M]/D[D]/YY[YY]). Check **Range** to search for names one year before and one year after the entered **DOB**.
3. Enter Social Security Number (**SSN**) (999-99-9999)
4. Enter State Identifier (**SID**) (XXX-XX-XX-X or XXXXXXXXXX)
5. Enter Juvenile Offense Tracking Number (**JOTN**) (J9999999 or J999999-9)

Please enter all available criteria to narrow down your search results.

# JCJC Conference

- **Mike Tan – CJJT&R Senior Applications Developer**
- **Steve Varner – IT Generalist Administrator**

# Juvenile Information Inquiry Project

- JCJC is developing a new inquiry system to replace JNET'S JTS (Juvenile Tracking System)
- Hosted by JNET
- Using real-time data provided by JCJC's PaJCMS application
- Accessible by authorized agencies/individuals as defined in the Juvenile Act

# PaJCMS History

- Initially developed as a means of collecting statistics for JCJC Annual Disposition Report
- Deployed locally on county systems
- CJJT&R collected, analyzed, and verified data

# Present PaJCMS

- Redesigned as a user friendly case management system
- Centralized Web Application

# PaJCMS Functionality

- Juvenile demographics
- Case/charge management
- Hearings
- Dispositions
- Placements/detentions
- Community Service
- Drug testing

# PaJCMS Functionality

- YLS (Youth Level of Service)
- PaDRAI (Detention Risk Assessment Instrument)
- Probation officer notes/calendar
- Warrants
- Victim information
- Dashboards
- Reports

# PaJCMS Enhancements

- Graduated Responses
- Enhanced Supervisory Functionality
- YLS 2.0
- Outcome Measures
- Customizable user settings

# Potential Opportunities

- Integration with mapping tools
- Application mobility (phones, tablets, etc.)
- Leverage related services provided by other agencies for additional data sharing opportunities

# PaJCMS/CPCMS Data Sharing

- Juvenile Demographic/Case information created in CPCMS and transfers into PaJCMS
- Hearing/Calendar
- Currently 20 counties data sharing

# PaJCMS/CPCMS Data Sharing

- Numbers of records created via data sharing
- Juveniles – 14,036
- Relations – 43,859
- Referrals – 19,726
- Charges – 71,736
- Hearings – 101,407
- Victims – 23,370
- Addresses – 166,249

# JCJC Detention Data Sharing

- Data sharing under development in cooperation with JNET to transfer data to PCCD
- Data is used to monitor compliance with detention audits
