Foreword

The Juvenile Court Judges' Commission (JCJC) is pleased to present the fourth edition of its Juvenile Court Annual Report. Prior to the publication of the 2017 report, Pennsylvania juvenile court statistics were presented in a yearly series entitled Pennsylvania Juvenile Court Dispositions. The series, which ran from 1972 to 2016, focused primarily on juvenile court dispositions.

Beginning in 2017, the annual report has been enhanced to include additional juvenile court statistics to better measure and quantify work across the state by juvenile justice professionals. Specifically, information related to delinquency allegations received by each juvenile probation department is included. Key indicators including the volume of allegations received, allegation sources, and the most serious alleged offense by youth are presented. This information is critical to understanding who is entering Pennsylvania's juvenile court system. It is anticipated this report will continue to evolve over time and will eventually include additional measures of juvenile justice workflow in Pennsylvania. Juvenile delinquency dispositions continue to be summarized in this report, as in the past.

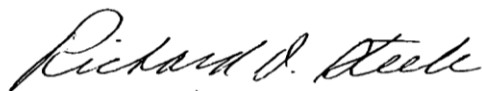

Beginning in 2019, the detention data within this report was extracted directly from the Pennsylvania Juvenile Case Management System (PaJCMS). Prior to 2019, this data was received from juvenile detention centers and included a significant number of unreported detention codes. By using data taken directly from PaJCMS, the number of unreported detention section codes decreased from 16.0% in 2018 to 0.7% in 2020, providing a more accurate reflection of secure detention utilization.

The format and presentation of the data in this report are intended to help summarize various juvenile court trends within the Commonwealth. In addition to the graphs and charts, narrative is included to help readers more quickly recognize various statewide trends, as well as highlight information not reflected in the visual displays. The data within this year's report are generally organized in a manner that reflect the chronological processing of juvenile court delinquency cases, from allegation through disposition. Some of the data are organized and presented in graphs by county class to help readers make comparisons across counties of similar size and demographic composition. Raw data for each of Pennsylvania's 67 counties are available within the appendices.

The Annual Report generally describes trends and patterns, without seeking to interpret them—though there are some exceptions made in this year's report given the pervasive effects of COVID-19 on the juvenile court system. The goal of Chapter 3 in this year's report is to further analyze and explain how the pandemic affected the juvenile justice system. Therefore, hypotheses for the observed trends are discussed when they seem reasonable based on the data and other evidence or knowledge about how the juvenile justice system functions.

The JCJC would like to extend its deepest appreciation to the juvenile courts and juvenile probation departments across the Commonwealth. Without their support, this report would not be possible. It is with great pleasure that we dedicate this report to the judges, probation officers, victim advocates, district attorneys, defenders, service providers, and other professionals who work on a daily basis in the Pennsylvania juvenile court system.

Respectfully submitted,

Richard D. Steele
Executive Director

Honorable Kim Berkeley Clark
Chair

Chapter 1 - Incoming Cases

Section 1: Delinquency Allegations

1. The unit of count for this section is a written allegation. A written allegation is the document submitted by a law enforcement officer or other person to allege a juvenile has committed an act of delinquency. Multiple allegations may result in a single disposition. Allegations are synonymous with the term 'case' in the Pennsylvania Juvenile Case Management System (PaJCMS).
2. Written allegations in this section were filed with a juvenile probation department between January 1, 2020 and December 31, 2020.
3. In Pennsylvania, juvenile court jurisdiction extends over individuals who have been alleged to have committed a delinquent act, as defined by 42 Pa. C. S. § 6301 et seq., on or after their tenth birthday and prior to reaching eighteen years of age. Juvenile court supervision can extend until the individual is twenty-one years of age if the individual is currently under supervision. Age for purposes of this section was calculated from the juvenile's date of birth to the date of the offense in the written allegation.
4. Data for this report were compiled from PaJCMS on March 16, 2021. Any delinquency allegations received by a juvenile probation department in 2020, and entered into PaJCMS after this date, will not be included in these statistics. The numbers published in this report, therefore, may not reflect current numbers within the system.

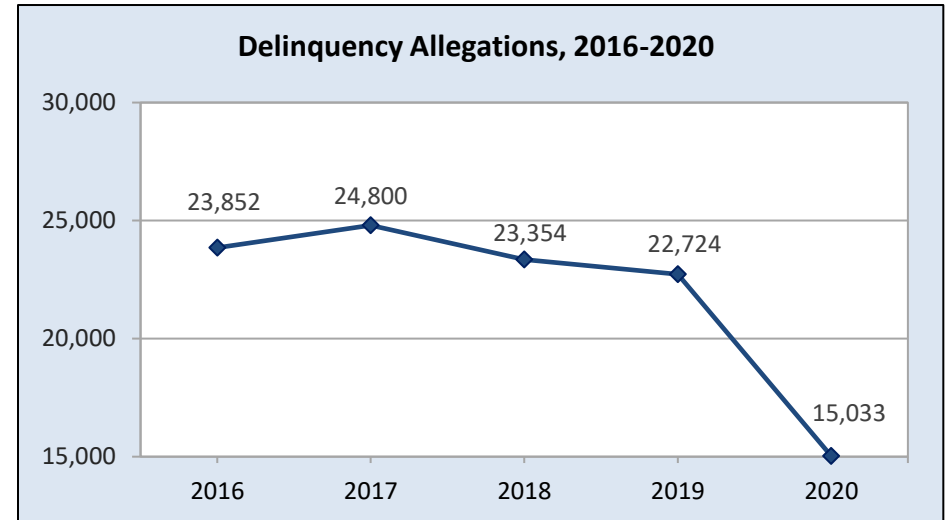

2020 Delinquency Allegations

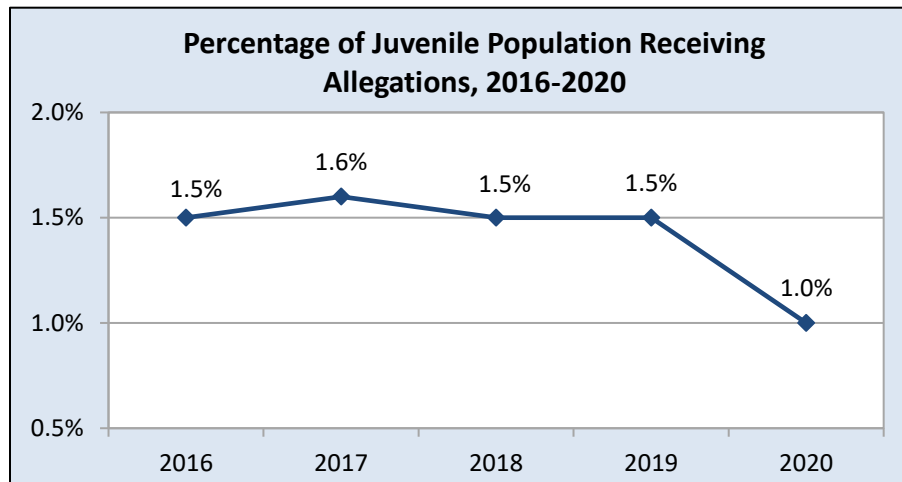

Delinquency Allegations, 2016-2020

There were 15,033 delinquency-related allegations in Pennsylvania during 2020. This represents a 37.0% decrease from 2016. Between 2016 and 2019, there was only a 4.7% decrease in allegations, whereas there was a 33.8% decrease from 2019 to 2020. The major decline in allegations over the last year is almost surely the result of the COVID-19 pandemic. The pandemic's effect on allegation patterns is examined further in Chapter 3 - The Impact of COVID-19 on the Pennsylvania Juvenile Justice system.

Over one-third (36.5%) of the total allegations received in 2020 across Pennsylvania occurred in five jurisdictions (see map on page 3). These jurisdictions include: Allegheny, Dauphin, Lancaster, Philadelphia, and York.

Percentage of Juvenile Population Receiving Allegations, 2016-2020

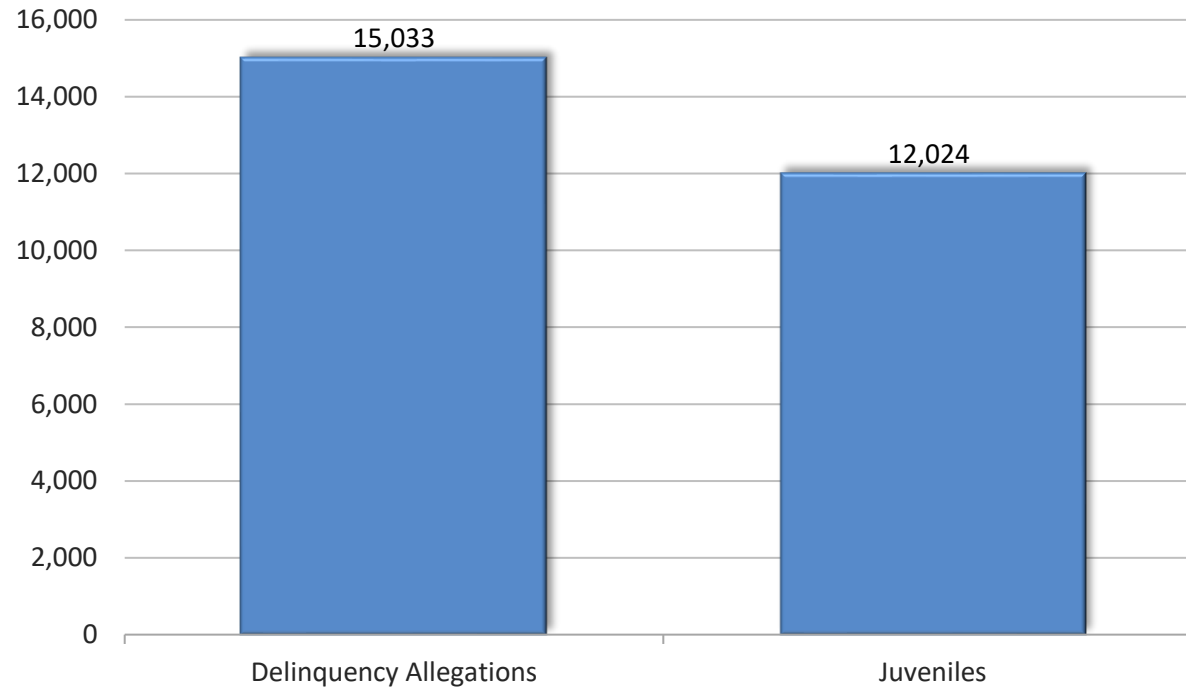

Between 2016 and 2020, the rate of juvenile delinquency allegations as a percent of the Pennsylvania juvenile population aged 10-17 declined by 33.3%, from 1.5% to 1.0%. Please refer to Appendix 3 for juvenile population figures.

Note: The methodology used to calculate these rates was modified to report this statistic more accurately. As a result, the rates shown in prior years have changed.

Delinquency Allegations and Juvenile Totals, 2020

There were 12,024 juveniles accounting for 15,033 delinquency allegations in Pennsylvania in 2020. This equates to an average of 1.25 delinquency allegations per juvenile. The range among counties of delinquency allegations to alleged delinquent juveniles in 2020 was 1.0 to 1.65 (see Appendix 3).

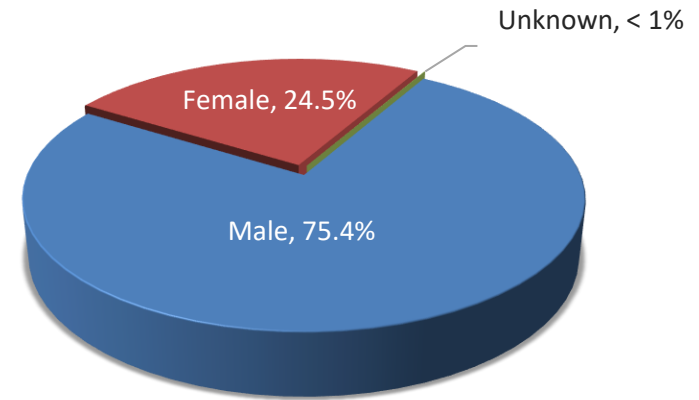

Delinquency Allegations and Juvenile Totals, 2020

Delinquency Allegations by Gender, 2020

Juvenile delinquency allegations in Pennsylvania primarily involve males. In 2020, approximately three in four (75.4%) delinquency allegations submitted to juvenile probation departments involved males, while approximately one in four (24.5%) involved females.

Delinquency Allegations by Gender, 2020

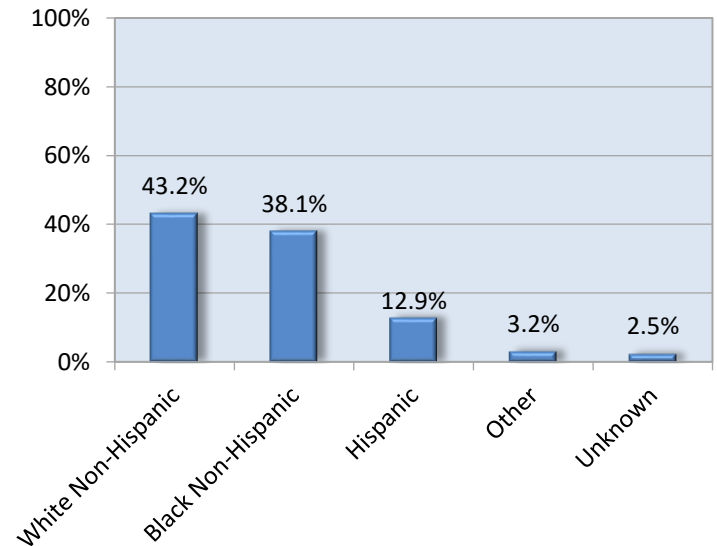

Delinquency Allegations by Race and Ethnicity, 2020

In 2020, White Non-Hispanic youth represented the largest racial/ethnic category for all delinquency allegations.

However, in comparison to the racial/ethnic distribution of all youth in Pennsylvania aged 10-17, the representation of Black Non-Hispanic youth is disproportionate: 14.3% of the total population versus 38.1% of all delinquency allegations.*

When excluding Philadelphia County and Allegheny County, Black Non-Hispanic youth represent 8.5% of the youth population, but 28.2% of all delinquency allegations. See Appendix 4 for the number of delinquency allegations by race and ethnicity for each county.

Delinquency Allegations by Race and Ethnicity, 2020

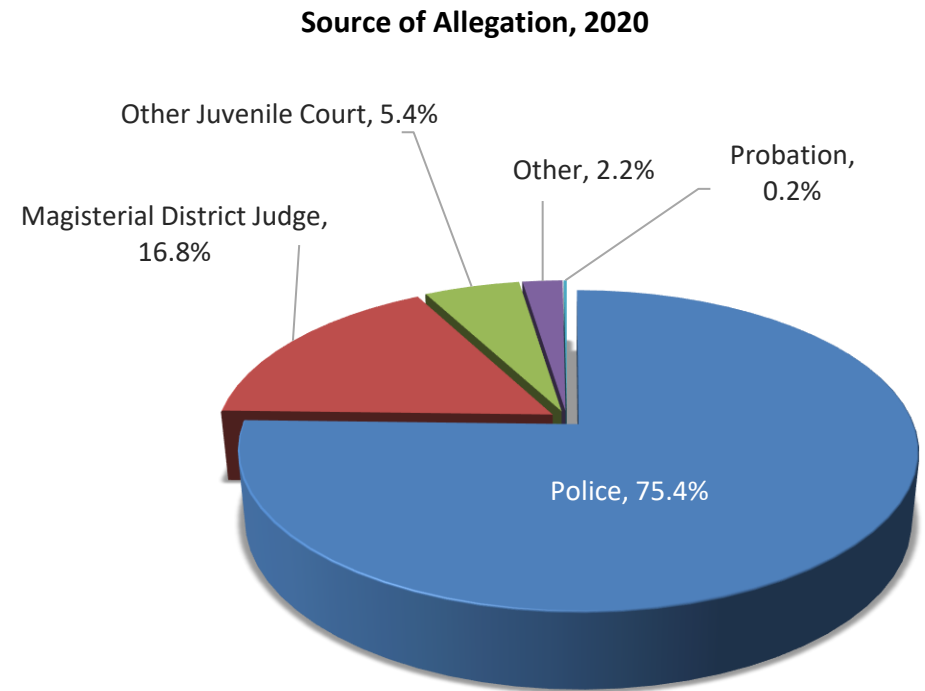

*2019 Juvenile Population Ages 10 to 17 can be found on page 32.

Source of Allegation, 2020

Police and Magisterial District Judges were the primary sources of delinquency allegations in 2020 – 75.4% and 16.8%, respectively.

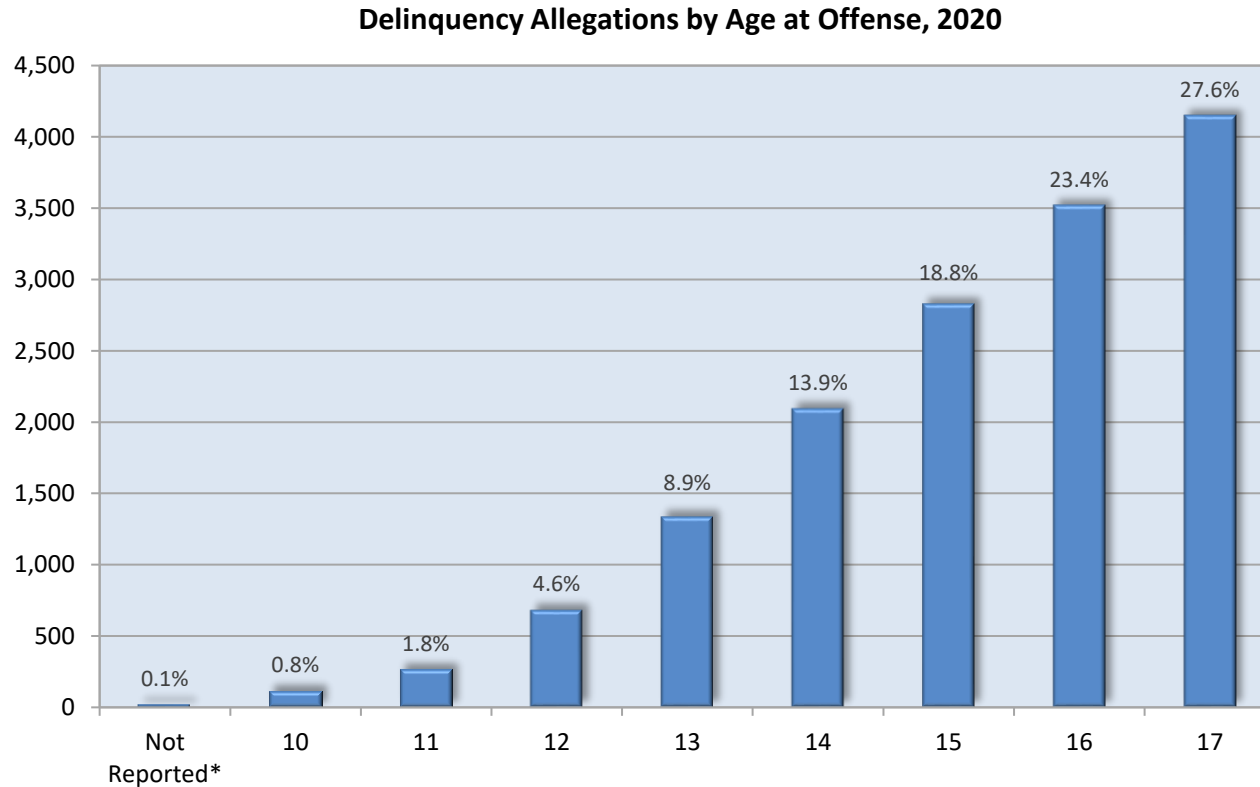

Source of Allegation	Count	Percent
Police	11,337	75.4%
Magisterial District Judge	2,523	16.8%
Other Juvenile Court	809	5.4%
Other	338	2.2%
Probation	26	0.2%
Total	15,033	100.0%

Note: The category "Other" includes delinquency allegations received from schools, social agencies, relatives, and cases transferred from criminal court.

Delinquency Allegations by Age at Offense, 2020

Seventeen-year-olds accounted for 27.6% of all juvenile delinquency allegations in 2020, representing the most allegations for any age group. Juveniles aged sixteen accounted for 23.4% of all juvenile delinquency allegations, while fifteen-year-olds accounted for 18.8% of all juvenile delinquency allegations.

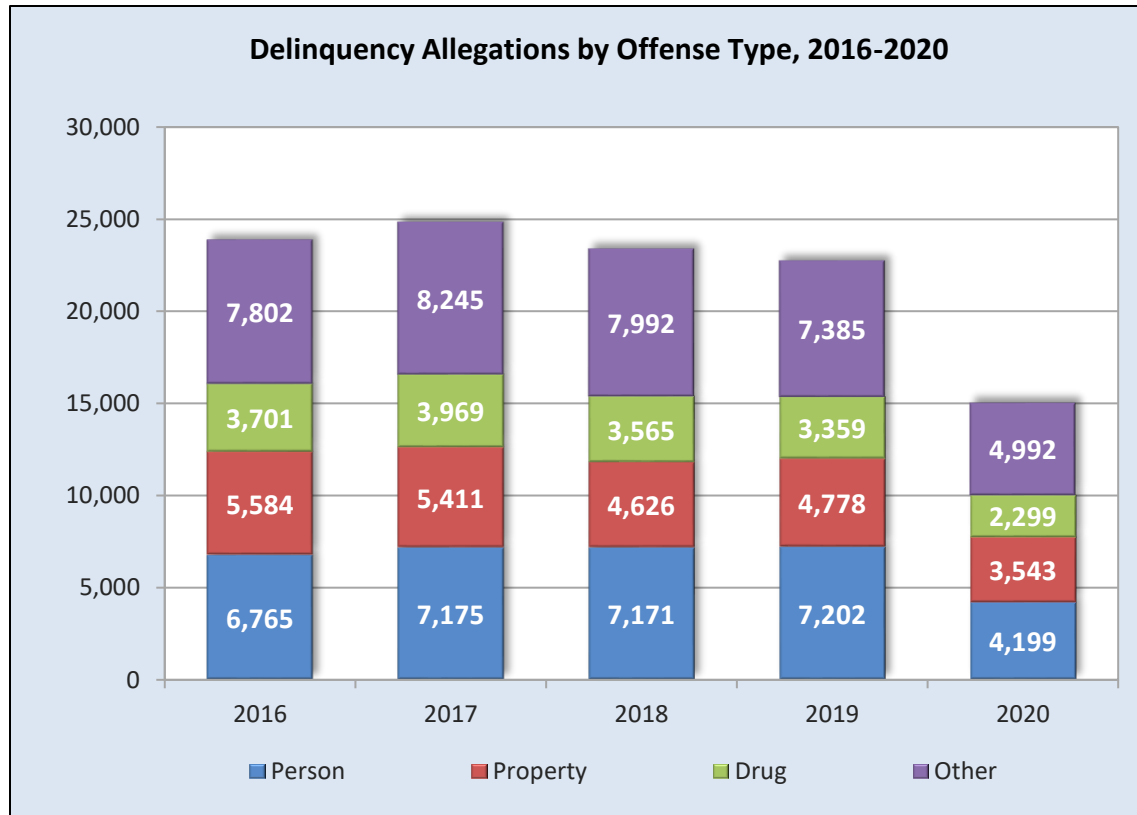

Note: Age is calculated at the time of the alleged delinquent offense.

*Includes inter-state transfers and MDJ referrals for non-payment of fines where the age at time of offense is not reported.

Delinquency Allegations by Offense Type, 2016-2020

The following information was compiled based on the most serious alleged offense for each juvenile delinquency allegation received in Pennsylvania between 2016 and 2020. That is, only one offense per delinquency allegation is counted in the figures below. These alleged offenses are broken into four offense categories: Person, Property, Drug, and “Other.”

From 2016 to 2019, there was relative stability in the offense categories of allegations received by juvenile probation departments. Between 2019 and 2020, at the same time that there were large overall declines in allegations (33.8%), certain offense categories saw larger decreases than others. The biggest decreases from 2019 to 2020 occurred for Person offenses (41.7%), followed by “Other” (32.4%), Drug (31.6%), and Property offenses (25.8%).

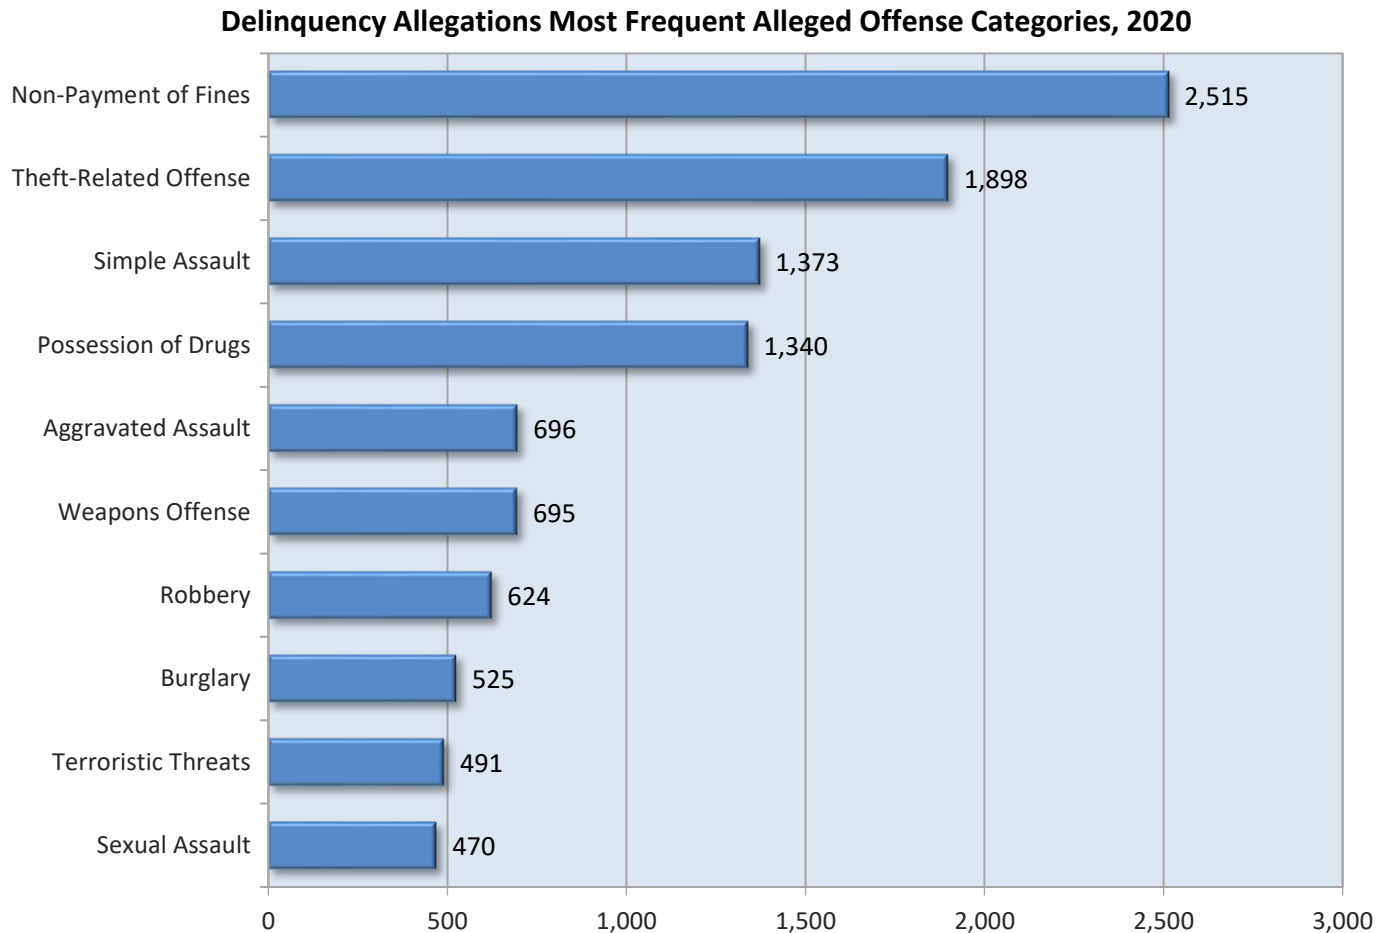

Note: The “Other” offenses category includes, but is not limited to: Public Order offenses such as Disorderly Conduct or Weapon on School Property; Firearms Offenses; and Certifications from the minor judiciary that a juvenile failed to comply with a lawful sentence imposed for a summary offense.

Delinquency Allegations Most Frequent Alleged Offense Categories, 2020

The following information was compiled based on the most serious alleged offense for each juvenile delinquency allegation received in Pennsylvania in 2020. That is, only one offense per delinquency allegation is counted in the figures below.

Non-payment of fines, theft-related offenses, simple assault, and possession of drugs were the most frequently occurring alleged offenses.

Note: Theft-related offenses include: theft, theft by unlawful taking, theft by deception, theft by extortion, theft by receiving stolen property, theft of services, and theft from a motor vehicle. Weapons offenses include: Firearm-related offenses, possession of an instrument of crime, and possession of weapon on school property.

Section 2: Secure Detention

In accordance with the Juvenile Court Judges' Commission's Standards Governing Secure Detention, all counties report their secure detention admissions to the Commission. Beginning in 2019, the detention data was extracted from the Pennsylvania Juvenile Case Management System (PaJCMS). Prior to 2019, this data was extracted from the secure detention database at the Center for Juvenile Justice Training and Research, which was populated with data reported directly from juvenile detention centers each month. With this change, there has been a large decrease in the number of Unknown/Other secure detention section codes, as noted on page 16.

When interpreting the data contained in these tables, the reader should note the following:

- 1) The unit of count is the admission of a juvenile to a secure detention center.
- 2) A juvenile who is admitted to a secure detention center and subsequently transferred to another secure detention center without release is counted as two admissions.

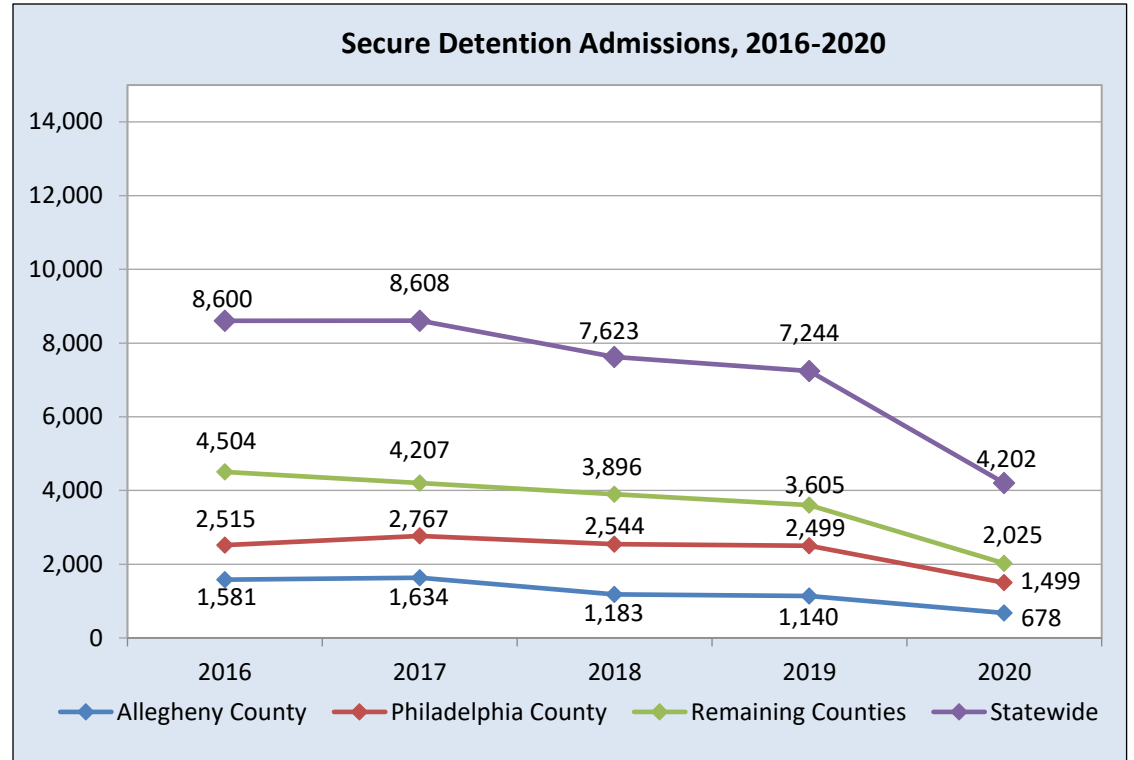

Codes Related to JCJC Standards Governing the Use of Secure Detention Under the Juvenile Act

Each month, all juvenile detention centers report a Statement of Facts and Reasons that must accompany every probation-authorized admission to secure detention. Below are the Section Codes related to this process.

- | | |
|------------------|---|
| <i>100 Codes</i> | Circumstances under which secure detention may be authorized on the basis of an alleged offense or on the basis of an alleged offense and the child's current status with the court or prior record. |
| <i>200 Codes</i> | Circumstances under which secure detention may be authorized on the basis of a child's status as an absconder or fugitive; on the basis of a child's record of failing to appear at previous juvenile proceedings; or because of extraordinary circumstances which require secure detention to prevent a child from absconding. |
| <i>300 Codes</i> | Circumstances under which secure detention may be authorized on the written request of the child or child's attorney. |
| <i>400 Codes</i> | Circumstances under which secure detention may be ordered pending disposition, subsequent to a finding that a child committed a delinquent act or is a delinquent child. |
| <i>500 Codes</i> | Circumstances under which secure detention may be ordered following disposition pending transfer to placement. |
| <i>600 Codes</i> | Circumstances under which secure detention may be authorized on the basis of the child's status, pending or subsequent to a disposition review proceeding. |
| <i>Code 701</i> | Circumstances under which secure detention may be authorized on the basis of extraordinary and exceptional circumstances. |

Secure Detention Admissions, 2016-2020

Detention admissions have declined statewide since 2016, with a 51.1% overall decrease and a 42.0% decrease from 2019 to 2020. Allegheny County detention admissions decreased by 40.5% from 2019 to 2020, and Philadelphia County admissions decreased by 40.0% during the same time period. Overall statewide admissions, excluding Allegheny and Philadelphia, decreased by 43.8% from 2019 to 2020. Philadelphia County and Allegheny County account for 35.7% and 16.1%, respectively, of all secure detention admissions.

PERCENTAGE CHANGE OF DETENTION ADMISSIONS				
	2016-2017	2017-2018	2018-2019	2019-2020
STATEWIDE	0.1%	-11.4%	-5.0%	-42.0%
ALLEGHENY COUNTY	3.4%	-27.6%	-3.6%	-40.5%
PHILADELPHIA COUNTY	10.0%	-8.1%	-1.8%	-40.0%
REMAINING COUNTIES	-6.6%	-7.4%	-7.5%	-43.8%

Length of Stay in Secure Detention, 2020

In 2020, the statewide median length of stay in secure detention was 14.0 days, which is an increase of two days from 2019. The table below shows the median length of stay by county, from greatest to least number of days. Multiple counties with identical length of stay are listed alphabetically. This data, sorted by greatest to least number of admissions, can be found in Appendix 8.

COUNTY	NUMBER OF ADMISSIONS	MEDIAN LENGTH OF STAY IN DAYS
CAMBRIA	1	43.0

WYOMING	0	0.0
*TOTAL	4,161	14.0

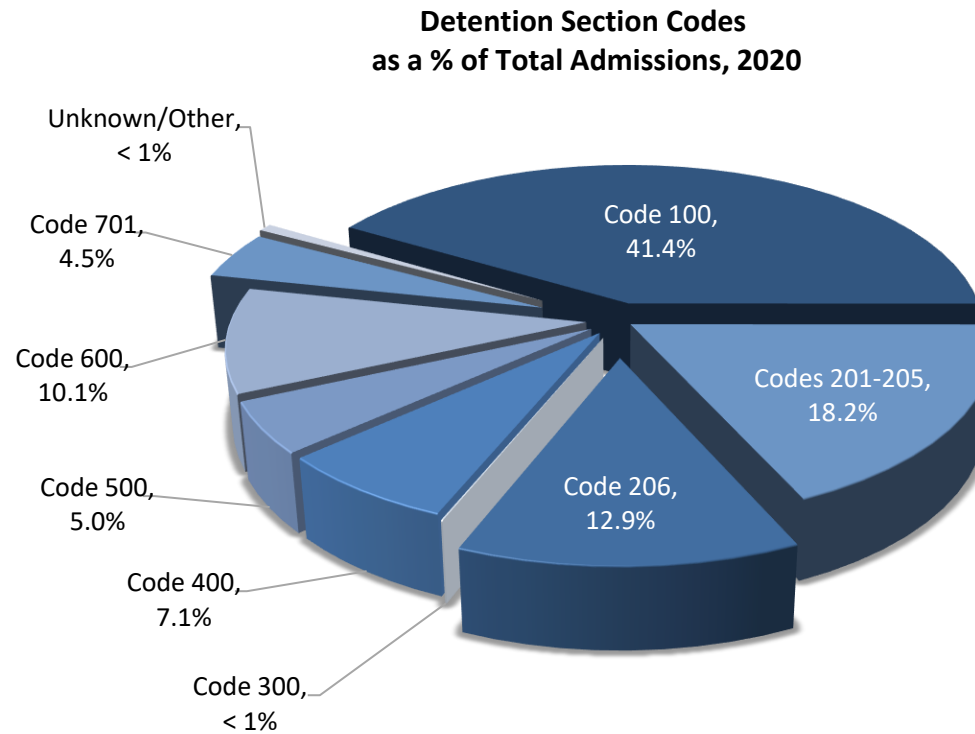

NOTE: This table only includes those admissions for which a date of release was reported.

*Includes 92 secure detention admissions to the Jefferson Detention Center in Ohio by the following counties: Beaver (15); Fayette (5); Lawrence (2); and Washington (70).

Secure Detention Admissions by Standard Section Codes, 2020

In 2020, the majority of secure detention admissions were authorized under the 100 and 200 Codes – 41.4% and 31.1%, respectively. This trend has remained constant since 2016.

Special attention is given to the utilization of Codes 206, 701, and Unknown/Other. In instances where secure detention is authorized under Codes 206 or 701, the juvenile probation officer is required to provide a detailed written explanation of the reasons that necessitate secure detention. These codes were intended to be utilized in limited circumstances where the other codes are not applicable.

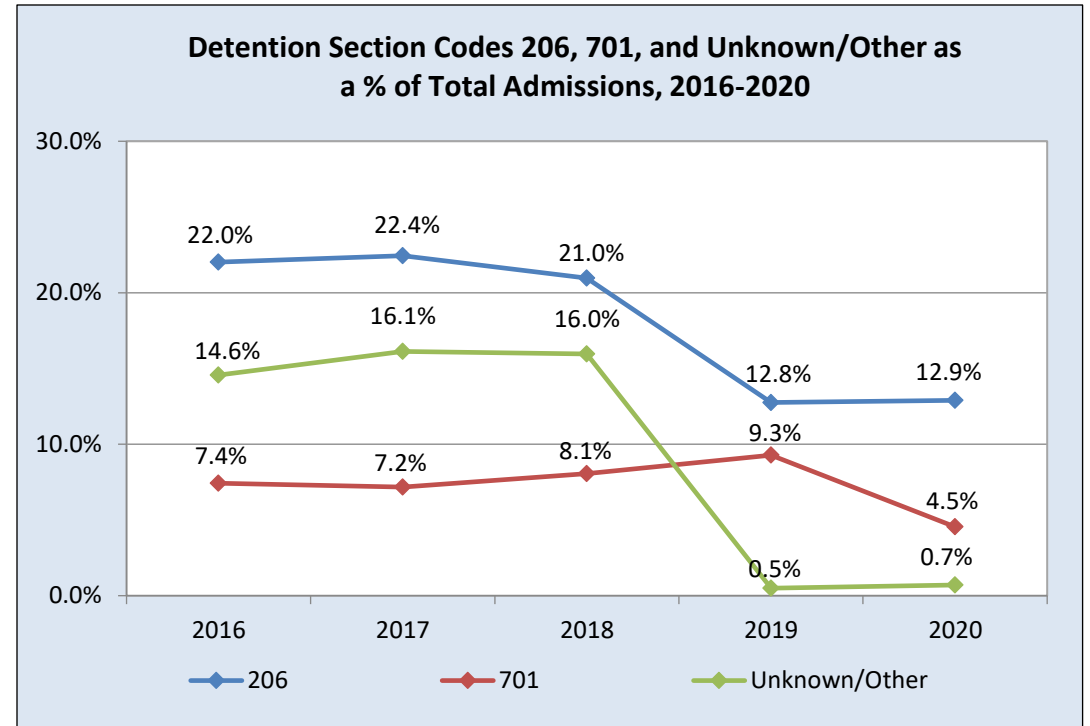

Secure Detention Admissions by Standard Section Codes, 2016-2020

The utilization of Codes 206, 701, and admissions with an Unknown/Other Code accounted for 18.1% of all secure detention admissions in 2020. The utilization of Code 206 increased from 12.8% in 2019 to 12.9% in 2020, as did the Unknown/Other Codes from 0.5% to 0.7% for that same time period. The use of Code 701 decreased from 9.3% in 2019 to 4.5% in 2020*.

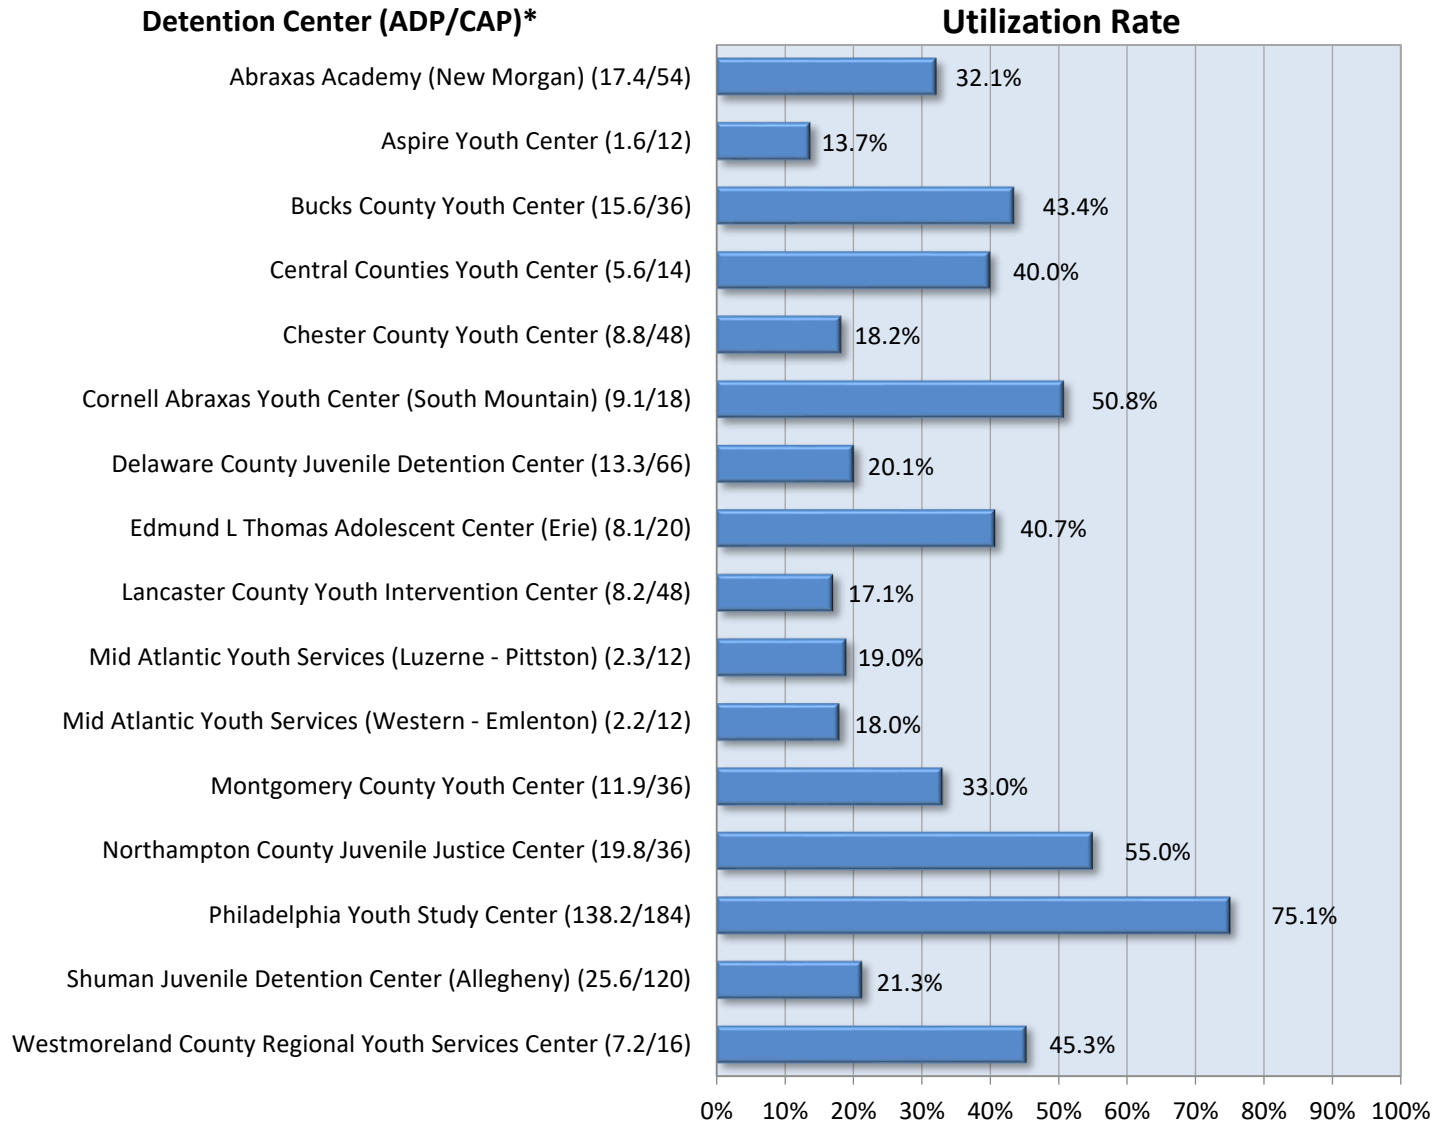

Code 206 - The child presents extraordinary circumstances requiring secure detention to prevent him/her from absconding. (Such circumstances may include, but are not limited to: the child's age, character, mental condition, ties to the community, the nature of the child's family relationships, drug or alcohol addiction, and substance abuse.)

Code 701 - Circumstances under which secure detention may be authorized on the basis of extraordinary and exceptional circumstances.

**Unknown/Other - As reported in the secure detention introduction, the 2020 secure detention admission data was extracted from PaJCMS. This data was validated for accuracy, which resulted in the Unknown/Other code decrease. For the majority of 2020 cases, the county reported the detention admissions were handled via a court order during a hearing, and no secure detention code was appropriate under these circumstances.*

Utilization Rates for Pennsylvania Juvenile Detention Centers, 2020

*A center's utilization rate is equal to its average daily population (ADP) divided by the licensed bed capacity (CAP). Average daily population (ADP) is calculated by the sum of all utilized bed days divided by the number of days in the reporting period. The rates on the bar chart are the actual calculated rates and may not match a rate calculated by the displayed ADP due to rounding of the ADP number. The licensed bed capacity may be different from the staffed bed capacity.

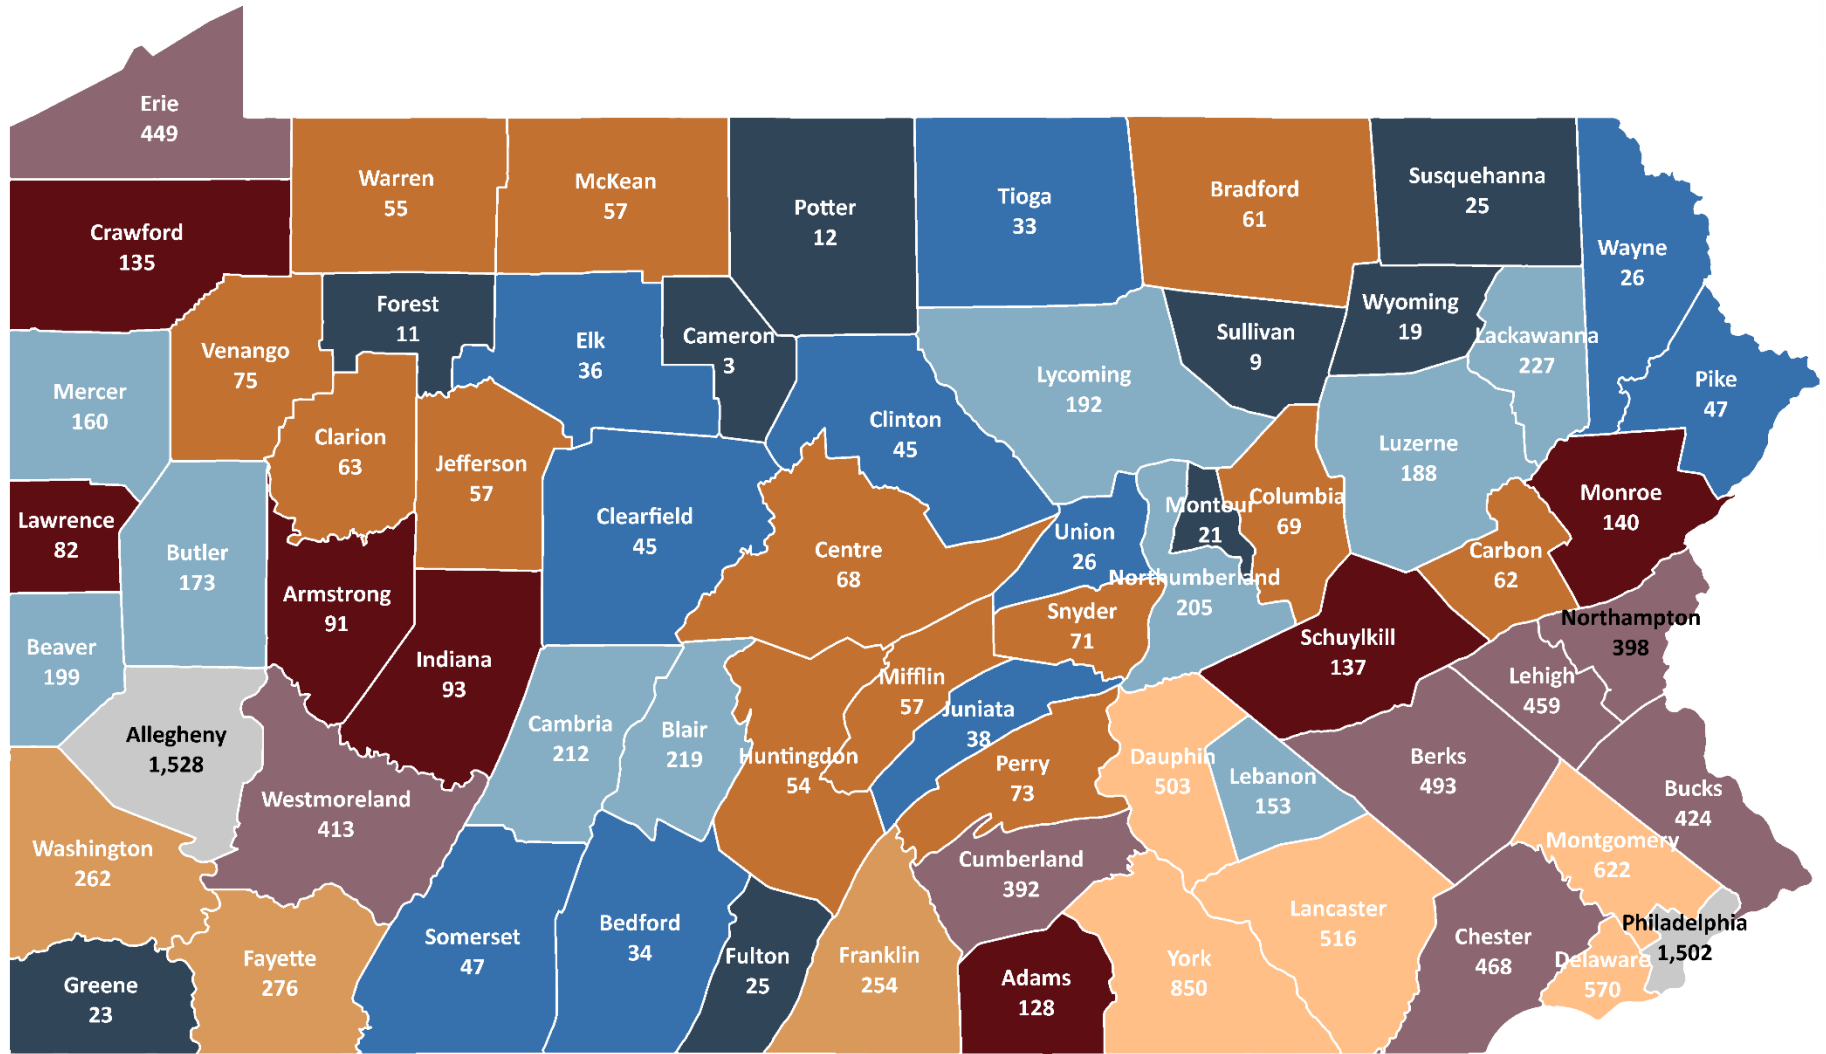

NOTE: Aspire Youth Center opened in April 2020. Mid Atlantic Youth Services (Luzerne-Pittston and Western-Emlenton) both closed in October 2020.

Chapter 2 - Juvenile Court Processing

Section 1: Delinquency Dispositions

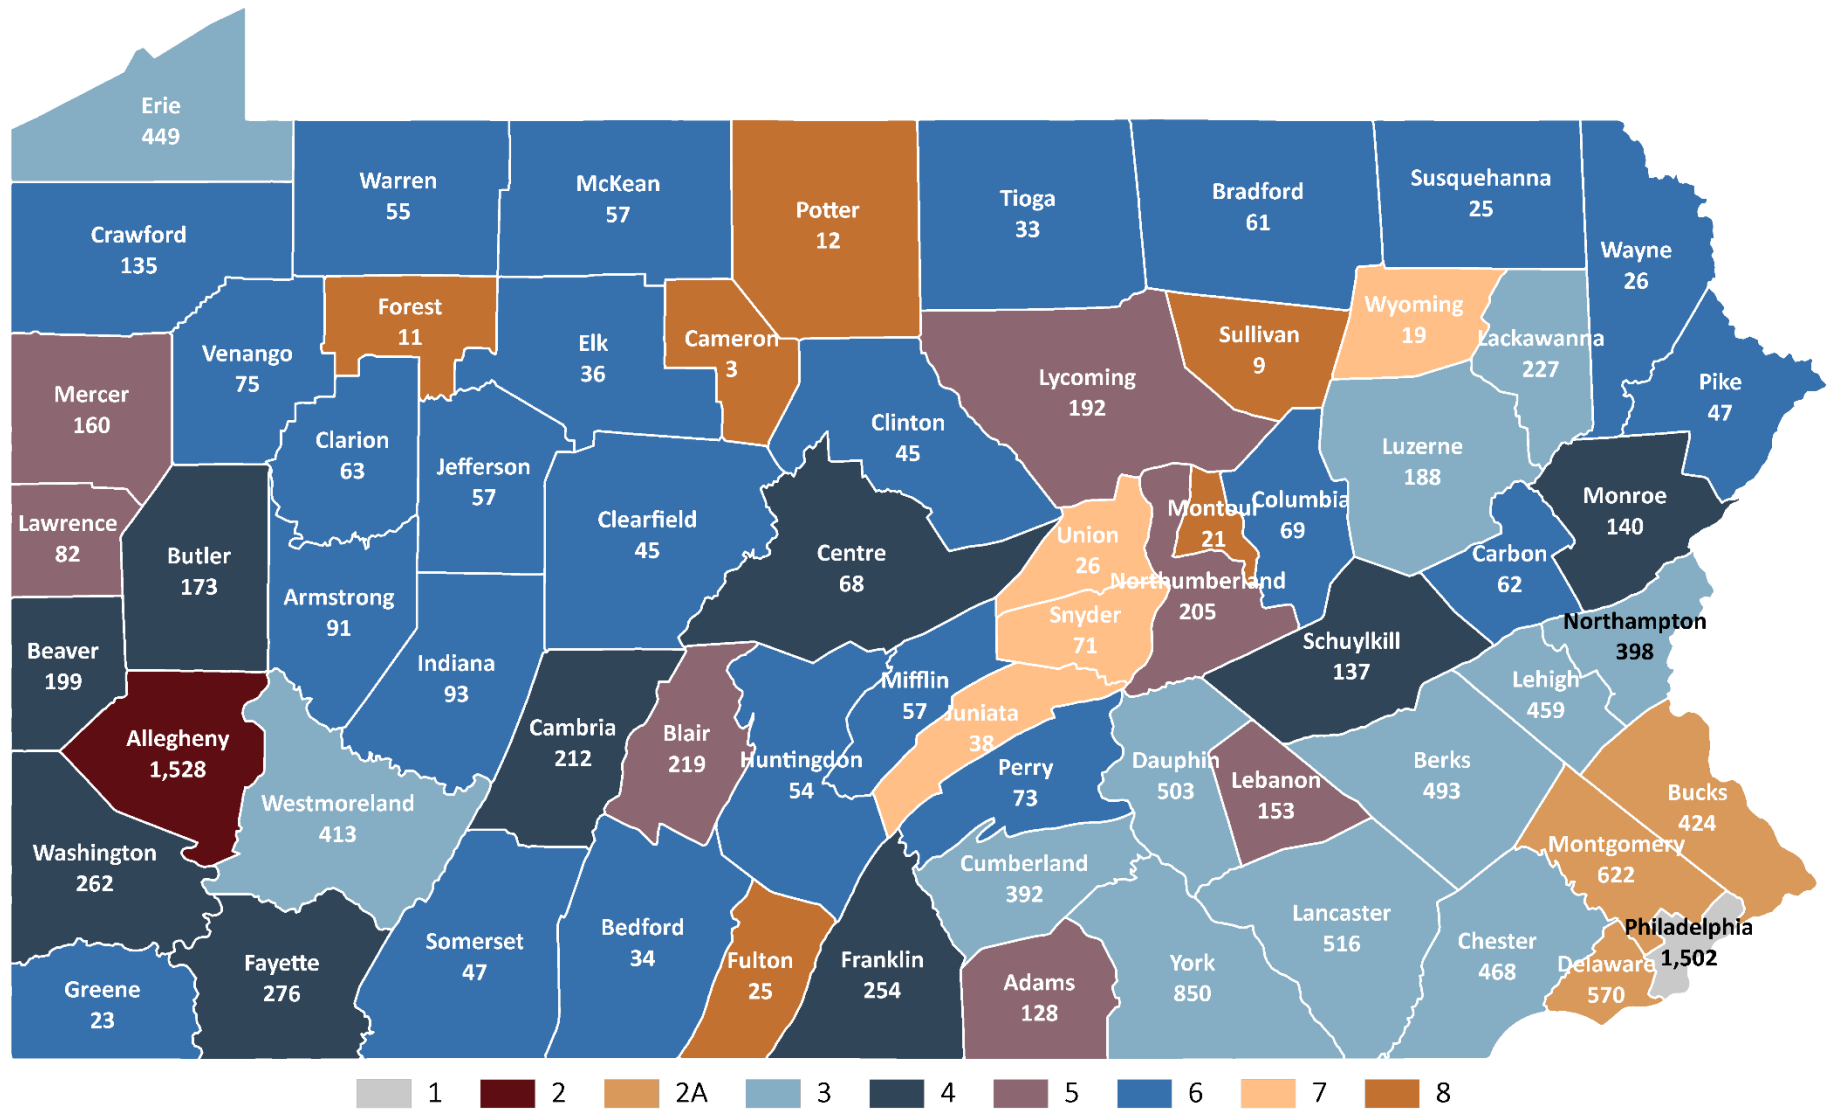

1. The unit of count for this section of the report is the disposition. A disposition is defined as an allegation of delinquency disposed of by the juvenile probation department and/or the court. Any one youth may be involved in a number of dispositions within a calendar year containing multiple allegations. In addition, a youth may be referred on more than one occasion and receive only one disposition. Therefore, the reader is cautioned NOT to attempt to interpret dispositions as the number of youth who are processed by the court or the number of offenses. Dispositions in this section occurred between January 1, 2020 and December 31, 2020.
2. In Pennsylvania, juvenile court jurisdiction extends over individuals who have been alleged to have committed a delinquent act, as defined by 42 Pa. C. S. § 6301 et seq., on or after their tenth birthday and prior to reaching eighteen years of age. Juvenile court supervision can extend until the individual is twenty-one years of age if the individual is currently under supervision. Age for purposes of this section was calculated from the juvenile's date of birth to the date of the offense in the written allegation.
3. Only the most serious delinquency offense is captured in the delinquency disposition data.
4. Data for this report were compiled from the Pennsylvania Juvenile Case Management System (PaJCMS) on March 16, 2021. Any delinquency dispositions received by a juvenile probation department in 2020, and entered into PaJCMS after this date, will not be included in these statistics. The numbers published in this report, therefore, may not reflect current numbers within the system.
5. Dispositions of pending, deferred, and termination of court supervision/case closed, not court ordered, are not included in these statistics.
6. The unit of disposition count was modified in the 2017 report to more accurately reflect the outcomes of delinquency allegations. If two allegations were disposed of on the same date, and resulted in the same disposition, these were counted as one disposition. If two allegations were disposed of on the same date, but had two different dispositions, these were counted as two dispositions. The reader is cautioned NOT to compare this year's disposition figures to reports prior to 2017. All trend data were updated within this report using the updated disposition count logic.

2020 Delinquency Dispositions

0 - 25 26 - 50 51 - 75 76 - 150 151 - 250 251 - 350 351 - 500 501 - 1,000 1,001 - 2,000

2020 Delinquency Dispositions by County Class

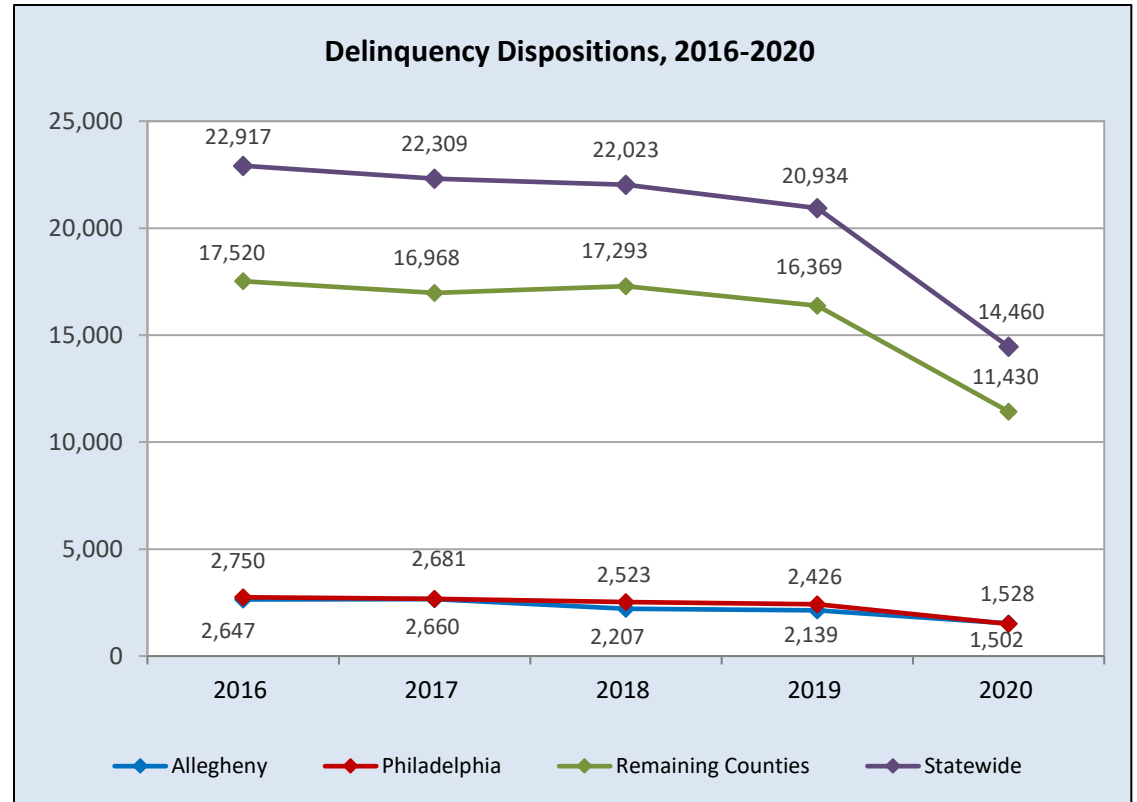

Note: 2020 County Class data retrieved from County Commissioners Association of Pennsylvania at <http://www.pacounties.org/PAsCounties/Pages/Counties-by-Class.aspx>.

Delinquency Dispositions, 2016-2020

There were 14,460 delinquency dispositions in Pennsylvania during 2020. This represents a 30.9% decrease from 2019 and a 36.9% decrease since 2016. Allegheny County reported a decrease of 28.6% from 2019 to 2020, and Philadelphia County reported a 38.1% decrease for this time period, and the remaining counties reported a 30.2% decrease. Chapter 3 – The Impact of COVID-19 on the Pennsylvania Juvenile Justice System delves further into these patterns by examining monthly trends in court hearings and dispositions in 2020.

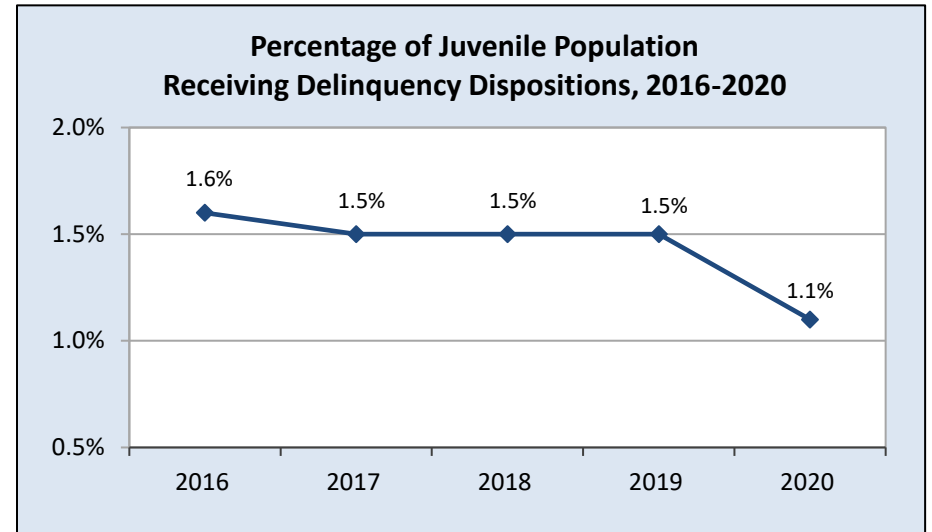

Note: Dispositions resulting from disposition reviews, placement reviews, and dependency referrals are not included.

Percentage of Juvenile Population Receiving Delinquency Dispositions, 2016-2020

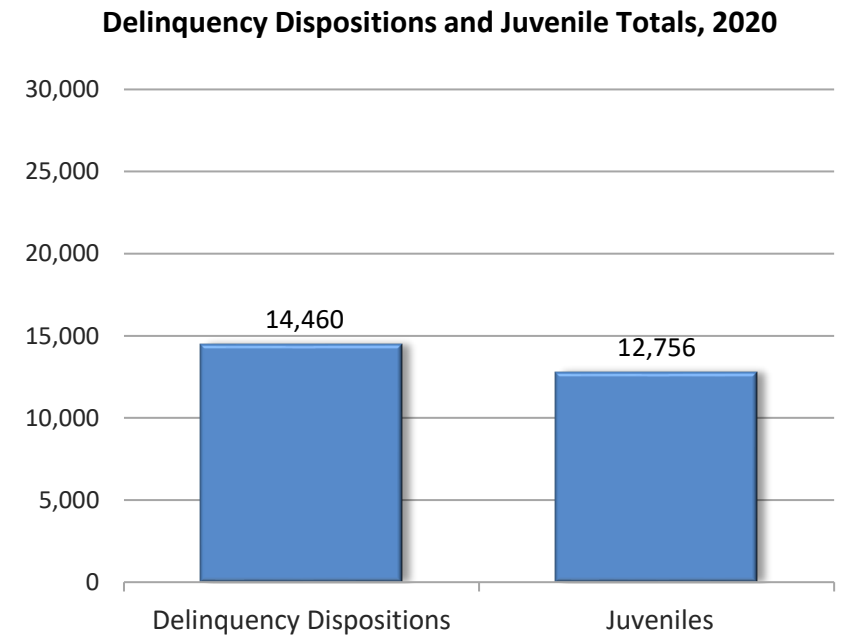

Between 2016 and 2020, the rate of juvenile delinquency dispositions as a percent of the Pennsylvania juvenile population declined by 31.3%, from 1.6% to 1.1%. Please refer to Appendix 14 for juvenile population figures.

Note: The methodology used to calculate these rates was modified to report this statistic more accurately. As a result, the rates shown in prior years have changed.

Delinquency Dispositions and Juvenile Totals, 2020

There were 12,756 juveniles accounting for 14,460 delinquency dispositions in Pennsylvania in 2020. This equates to an average of 1.13 delinquency dispositions per alleged delinquent juvenile. The range of delinquency dispositions to alleged delinquent juveniles in 2020 was 1.0 to 1.34 (see Appendix 14).

Frequencies of Statewide Delinquency Dispositions, 2020

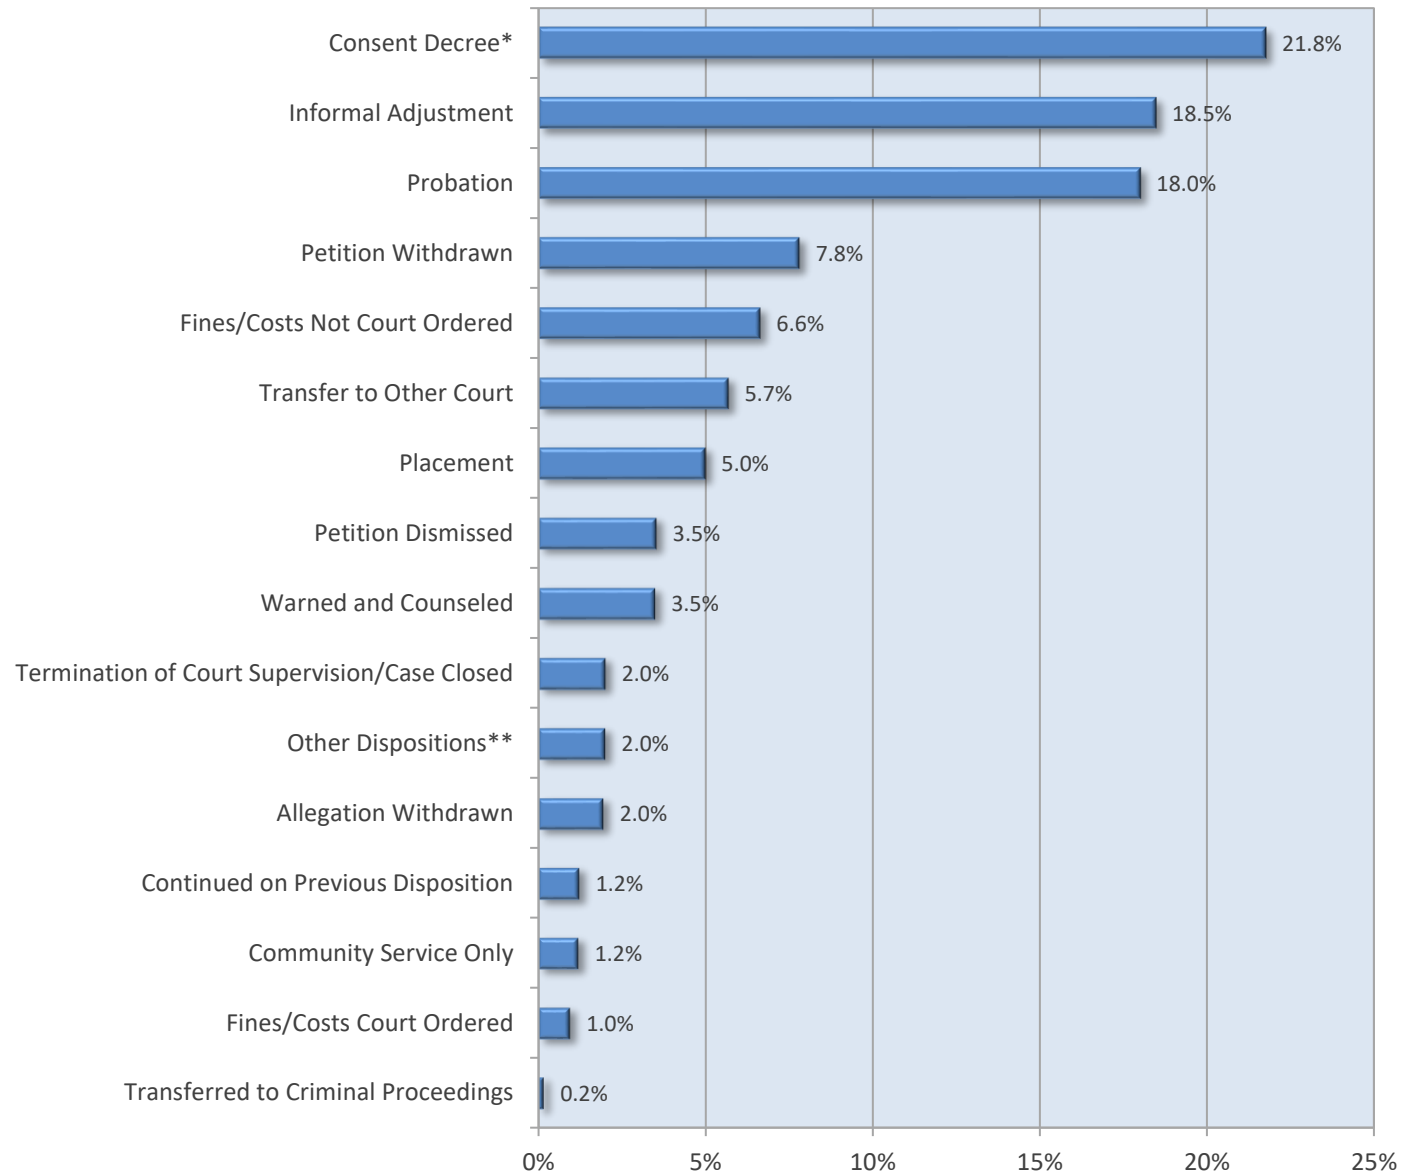

Dispositions of Consent Decree, Informal Adjustment, and Probation continued to represent over half (58.3%) of all dispositions.

Note: Does not include disposition reviews and placement reviews.

*The following counties had a total of 436 cases where the disposition was reported as deferred adjudication with no reported adjudication of delinquency at the time of disposition. These dispositions have been included in the disposition of Consent Decree. (Adams-2, Armstrong-1, Bucks-12, Centre-6, Chester-12, Clarion-1, Columbia-3, Crawford-14, Delaware-1, Erie-2, Forest-1, Franklin-1, Fulton-5, Juniata-3, Lackawanna-2, Luzerne-14, Lycoming-11, Mercer-5, Mifflin-1, Montgomery-32, Montour-3, Northumberland-5, Philadelphia-295, Union-2, Washington-1, and Wayne-1).

**The "Other Dispositions" category includes dispositions of Accepted Courtesy Supervision, Referred to Other Agency/Individual, and Restitution Only.

Frequencies of Statewide Delinquency Dispositions, 2020

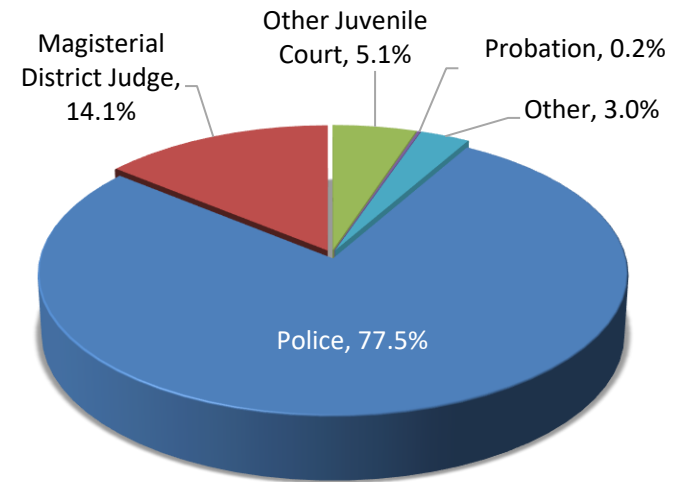

Delinquency Dispositions by Source of Allegation, 2020

Police and Magisterial District Judges continued to be the primary sources of delinquency allegations – 77.5% and 14.1%, respectively.

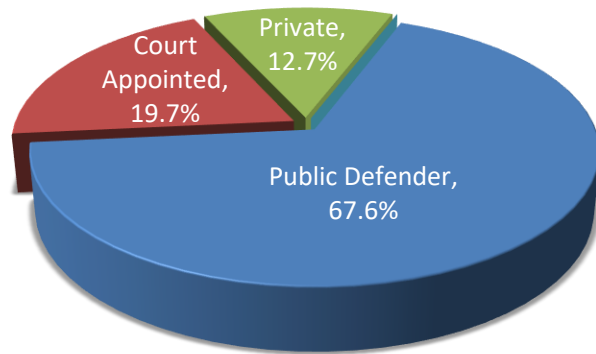

Note: The category of "Other" includes delinquency allegations received from schools, social agencies, relatives, and cases transferred from criminal court.

Delinquency Dispositions by Source of Allegation, 2020

Attorney Representation in Formal Delinquency Proceedings, 2020

Attorney Representation in Formal Delinquency Proceedings, 2020

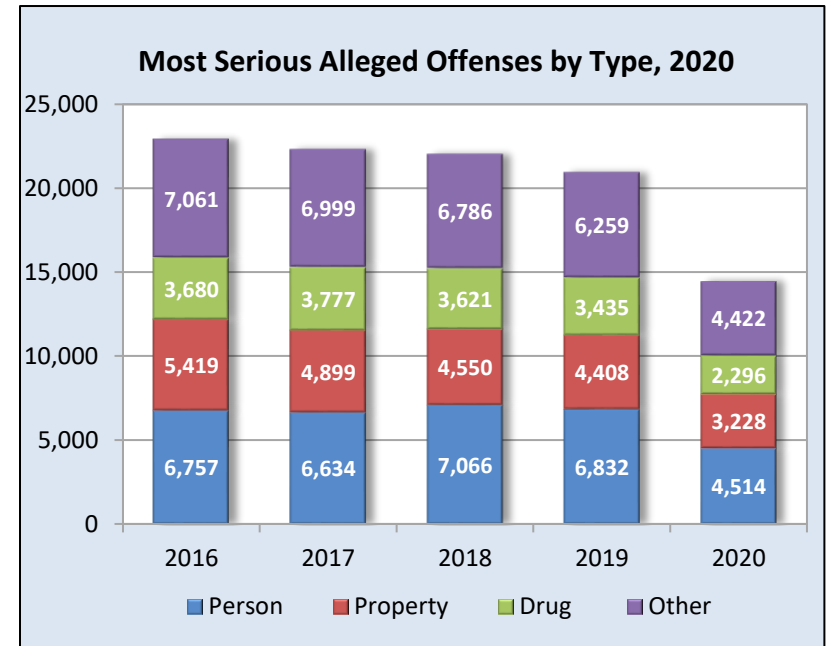

Legal representation provided by Public Defenders continued to be the most common form of representation in delinquency proceedings (67.6% in 2020). Legal representation was provided by Court Appointed or Private Counsel in 32.4% of delinquency proceedings. (*An entry of "Court Appointed" includes cases where counsel other than the public defender was appointed by the court.*) In 2020, there were no delinquency proceedings conducted without defense counsel (waived or not present).

Most Serious Alleged Offenses by Type, 2020

The following information was compiled based on the most serious alleged offense for each juvenile delinquency disposition in Pennsylvania between 2016 and 2020. Only one offense per delinquency disposition is counted in the figures. As mentioned previously, the total number of dispositions decreased by 36.9% from 2016 to 2020, and by 30.9% from 2019 to 2020. The number of alleged offenses within the Person offense category has shown the largest decrease (33.9%) from 2019 to 2020, followed by Drug offenses (33.2%), “Other” offenses (29.3%), and Property offenses (26.8%).

Since 2016, Property offenses have shown the sharpest decline (40.4%). Drug and “Other” offenses have also declined considerably, 37.6% and 37.4%, respectively. Person offenses decreased 33.2% over this five-year time period.

Note: The “Other” offenses category includes, but is not limited to: Public Order offenses such as Disorderly Conduct or Weapon on School Property; Firearms Offenses; and Certifications from the minor judiciary that a juvenile failed to comply with a lawful sentence imposed for a summary offense.

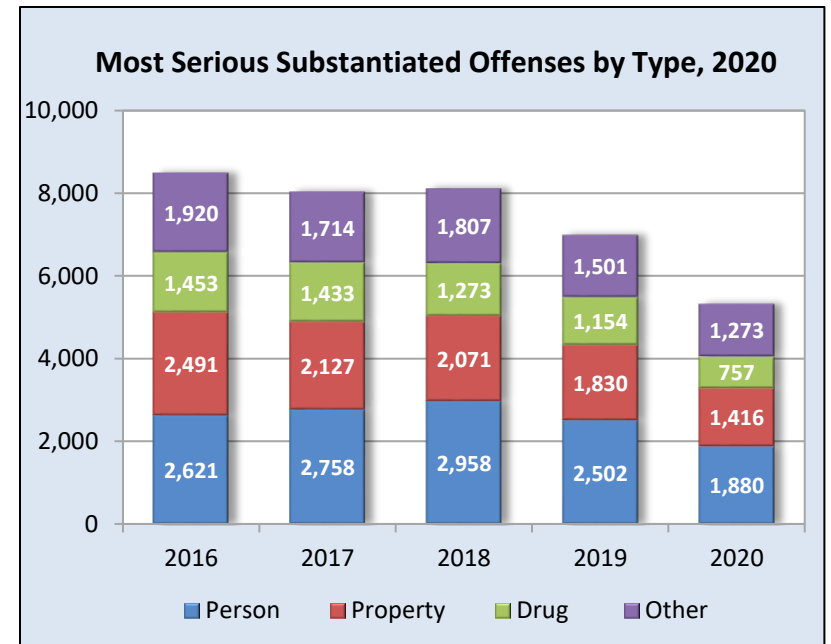

Most Serious Substantiated Offenses by Type, 2020*

Consistent with the decrease in total numbers of dispositions, the number of substantiated offenses also declined in this time period. From 2019 to 2020, the largest decrease occurred in the Drug offense category (34.4%), followed by Person offenses (24.9%), Property offenses (22.6%), and “Other” offenses (15.2%).

The total number of substantiated offenses in 2020 remains well below 2016 levels. Similarly, each category of substantiated offenses (Person, Property, Drugs, and “Other”) remained below their respective 2016 levels.

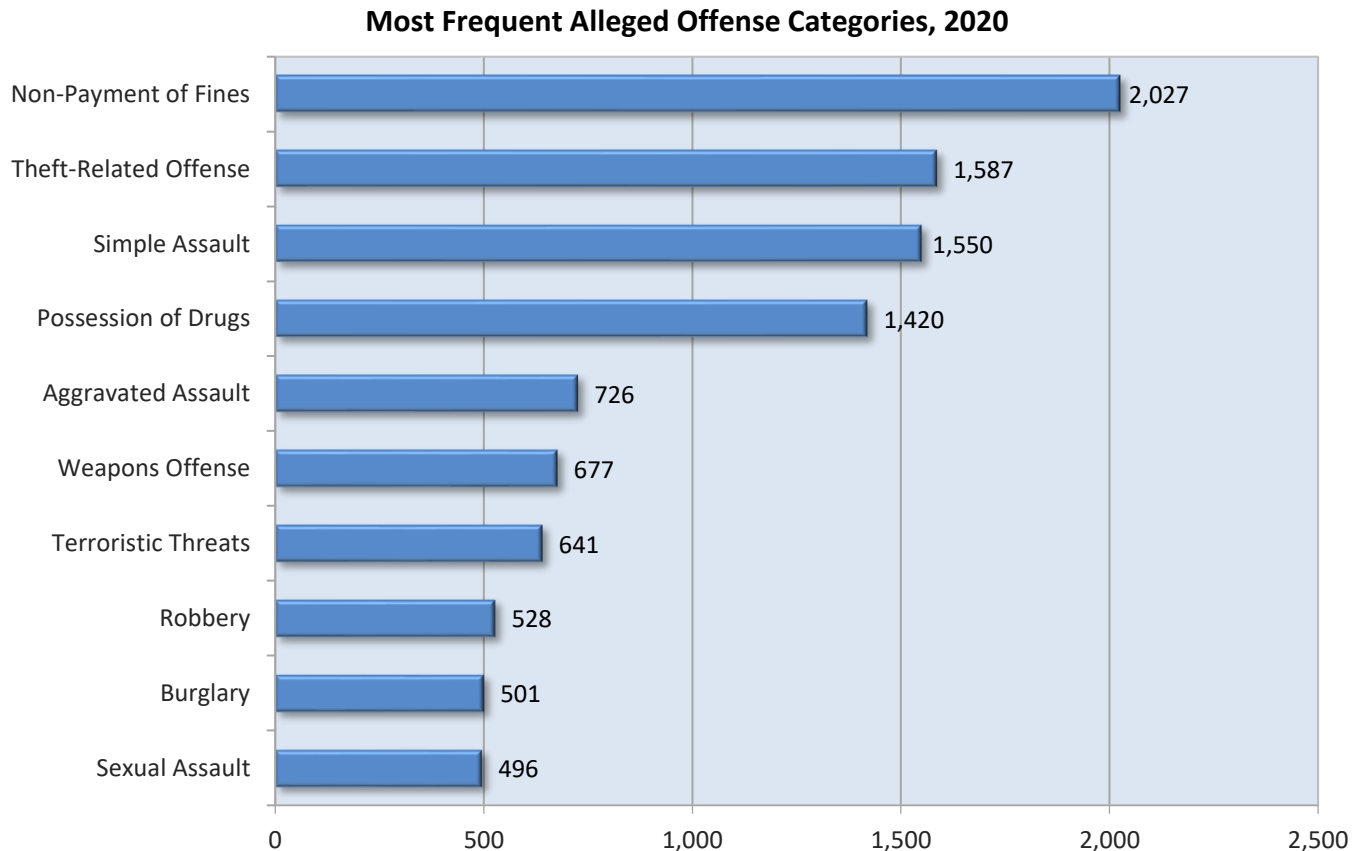

*A substantiated offense is any petitioned offense the court finds the juvenile committed.

Most Frequent Alleged Offense Categories, 2020

The chart below shows the most frequent alleged offense categories for 2020. Only the most serious charge per disposition is depicted, with the chart showing the top ten offense categories. Non-payment of fines was the most frequent charge with 14.0%, followed by theft-related offenses (11.0%), simple assault (10.7%), possession of drugs (9.8%), and aggravated assault (5.0%).

Note: Theft-related offenses include: theft, theft by unlawful taking, theft by deception, theft by extortion, theft by receiving stolen property, theft of services, and theft from a motor vehicle. Weapons offenses include: Firearm-related offenses, possession of an instrument of crime, and possession of weapon on school property.

Section 2: Demographics

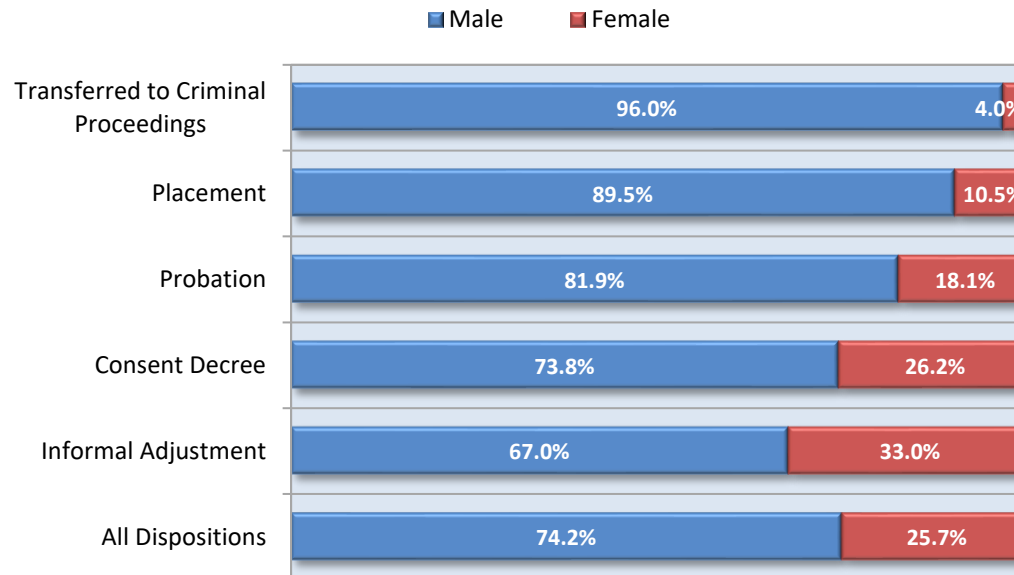

Selected Dispositions by Gender, 2020

Juvenile court dispositions in Pennsylvania continue to primarily involve males. As reflected in the charts below, the proportion of males receiving delinquency dispositions related to new allegations increases as the disposition type becomes more restrictive.

Note: The data do not include dispositions resulting from disposition review and placement review hearings.

SELECTED DISPOSITIONS	TOTAL	MALE	FEMALE
Transferred to Criminal Proceedings	25	96.0%	4.0%
Placement	723	89.5%	10.5%
Probation	2,605	81.9%	18.1%
Consent Decree	3,149	73.8%	26.2%
Informal Adjustment	2,673	67.0%	33.0%
All Dispositions	14,460	74.2%	25.7%

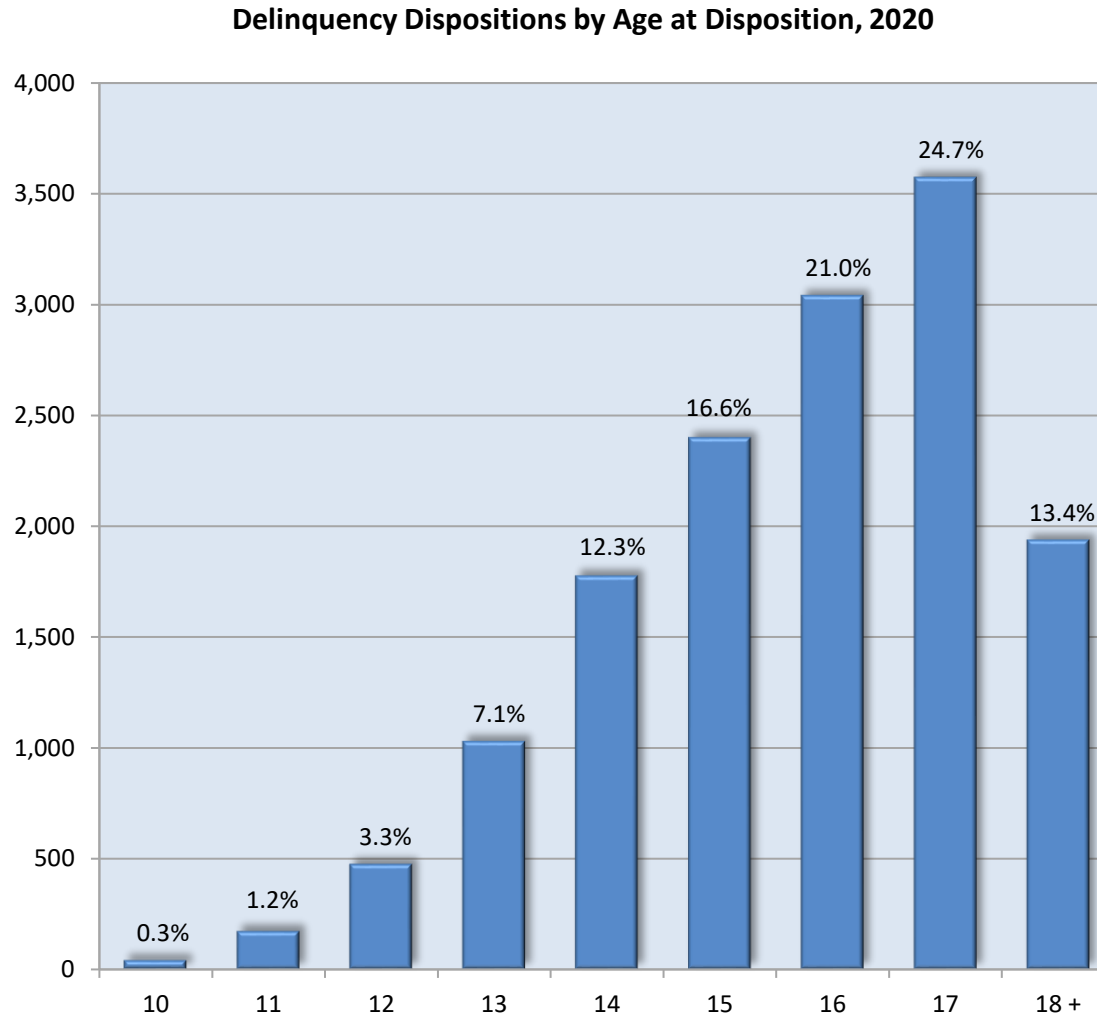

Selected Dispositions by Gender, 2020

Delinquency Dispositions by Age at Disposition, 2020

Seventeen-year-olds accounted for 3,576 (24.7%) of all juvenile delinquency dispositions in 2020, representing the most dispositions for any age group. Juveniles aged 16 accounted for 3,043 (21.0%), while 15-year-olds accounted for 2,402 (16.6%) of the dispositions.

Note: The data do not include dispositions resulting from disposition review and placement review hearings.

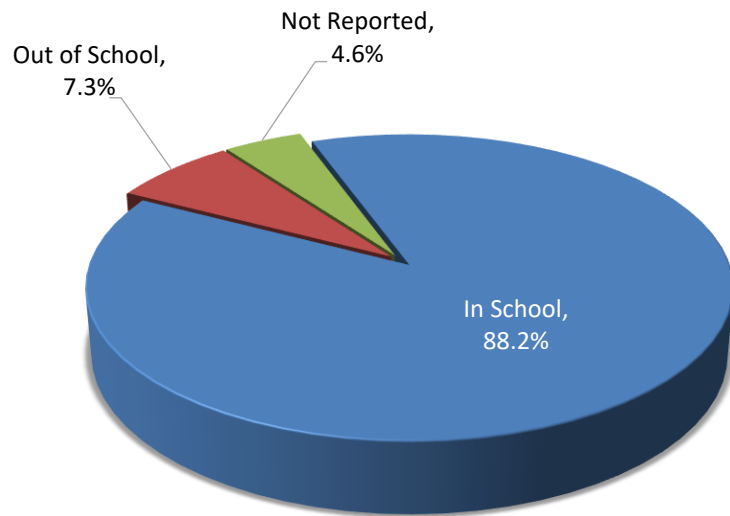

Delinquency Dispositions by Educational Status, 2020

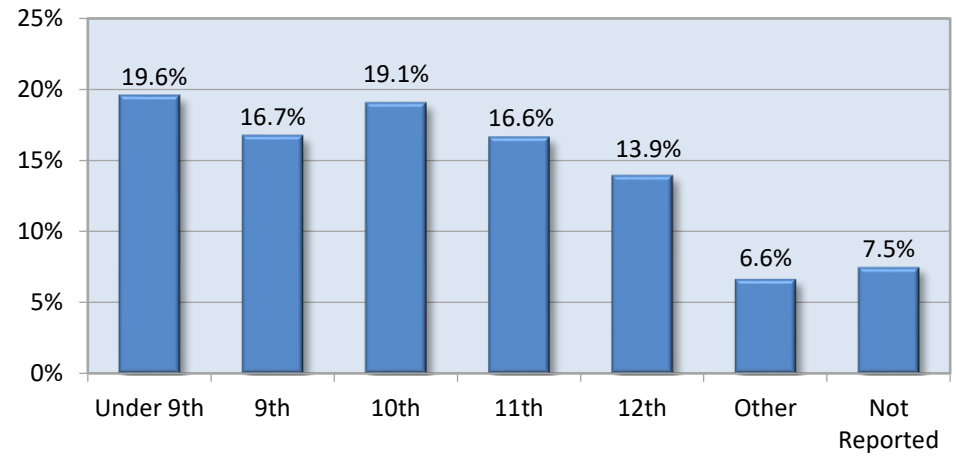

The vast majority (88.2%) of delinquency dispositions in 2020 reflected youth who were reported as In School at the time of disposition. Seventy-three percent of youth were reported as having completed grades 9, 10, 11, 12, or “Other.”

Note: The data do not include dispositions resulting from disposition review and placement review hearings.

Delinquency Dispositions by School Status, 2020

Delinquency Dispositions by Highest Grade Completed, 2020

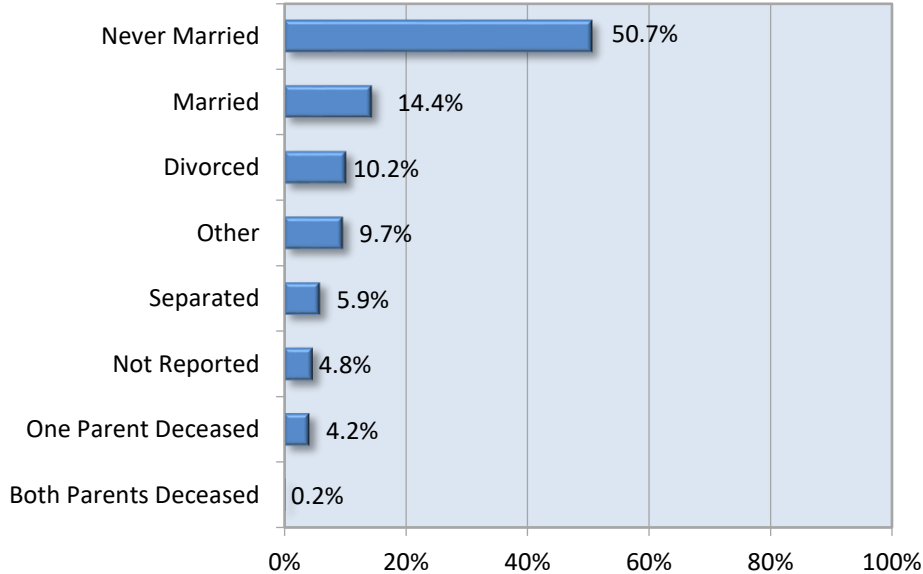

Delinquency Dispositions by Family Status, 2020

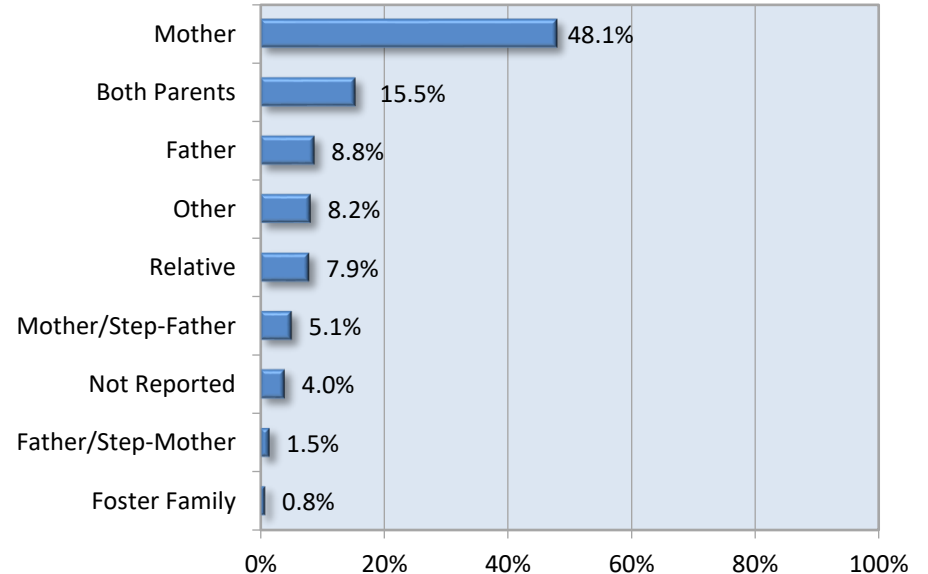

In juvenile delinquency dispositions, youth whose parents were reported as never married represented the largest group – greater than 50%. In only 14.4% of cases, the parents were reported as married at the time of disposition. The majority of youth (48.1%) resided only with their mother, while only 15.5% of juveniles resided with both parents.

Note: The data do not include dispositions resulting from disposition review and placement review hearings.

Delinquency Dispositions by Family Status, 2020

Delinquency Dispositions by Living Arrangement of Youth, 2020

Section 3: Race and Ethnicity

On the following pages, data on race and ethnicity trends related to juvenile court dispositions are provided. A few points of clarification regarding the reading and interpretation of this data should be noted.

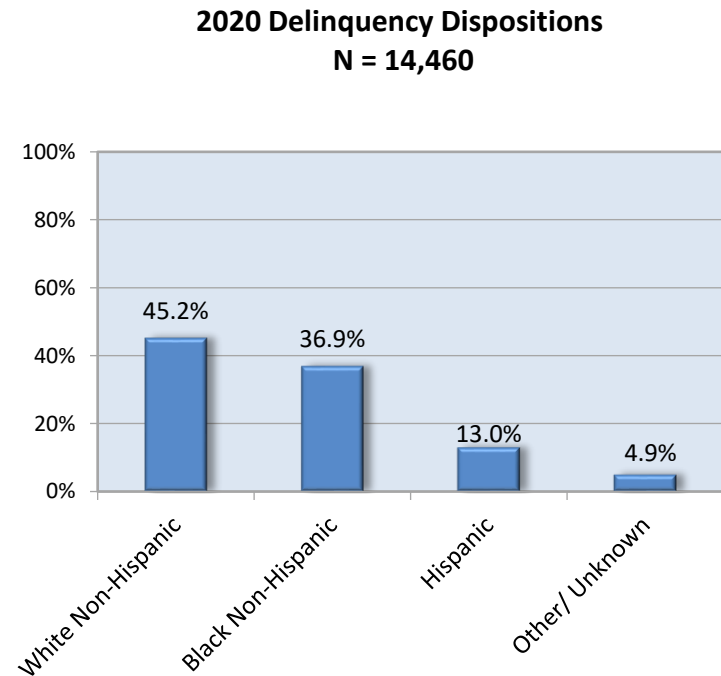

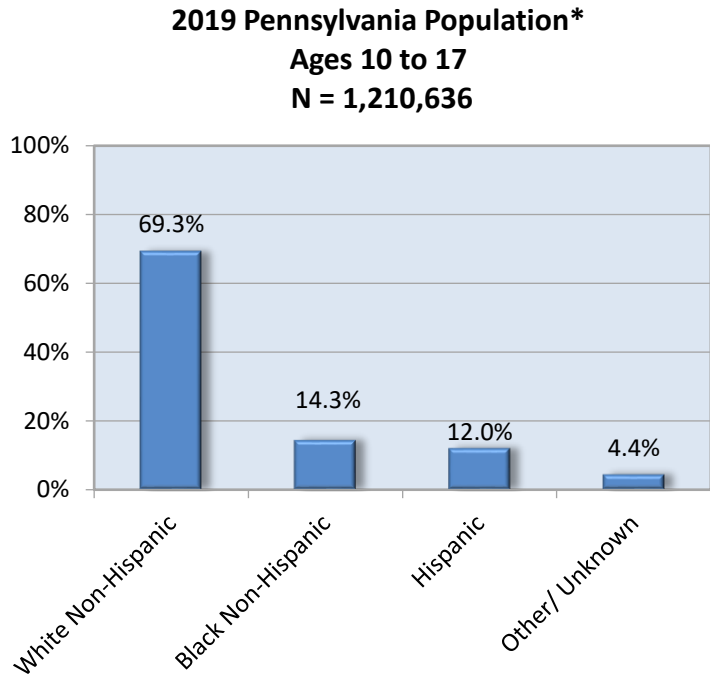

The Juvenile Court Judges' Commission's Center for Juvenile Justice Training and Research collects data on race and ethnicity from each of Pennsylvania's 67 counties. The collection of this data is done in concert with the protocols outlined in *Guidelines for Collecting & Recording the Race and Ethnicity of Juveniles in Conjunction with Juvenile Delinquency Disposition Reporting to the Juvenile Court Judges' Commission* (National Center for Juvenile Justice, 2006). As such, race and ethnicity are collected and recorded as two separate and distinct sets of data.

Trends related to both race and ethnicity are presented within the following charts, graphs, and tables. References to racial or ethnic groups are defined as follows:

<i>White Non-Hispanic</i>	reported as Non-Hispanic for ethnicity and White for race
<i>Black Non-Hispanic</i>	reported as Non-Hispanic for ethnicity and Black for race
<i>Hispanic</i>	reported as Hispanic for ethnicity regardless of reported race
<i>Other and Unknown</i>	reported as Non-Hispanic for ethnicity and one of the following races: Asian, Pacific Islander, Native Hawaiian, Native Alaskan, Native American, or Multi-Racial; or race and ethnicity was reported as unknown

Total Delinquency Dispositions by Race and Ethnicity, 2020

In 2020, White Non-Hispanic youth represented the largest racial/ethnic category for all delinquency dispositions. However, in comparison to the racial/ethnic distribution of all youth in Pennsylvania ages 10-17, the representation of Black Non-Hispanic youth is disproportionate: 14.3% of the total population versus 36.9% of all delinquency dispositions. When excluding Philadelphia County and Allegheny County, Black Non-Hispanic youth represent 8.5% of the youth population, but 27.6% of all delinquency dispositions. Please see Appendix 25 for the number of delinquency dispositions by race and ethnicity for each county.

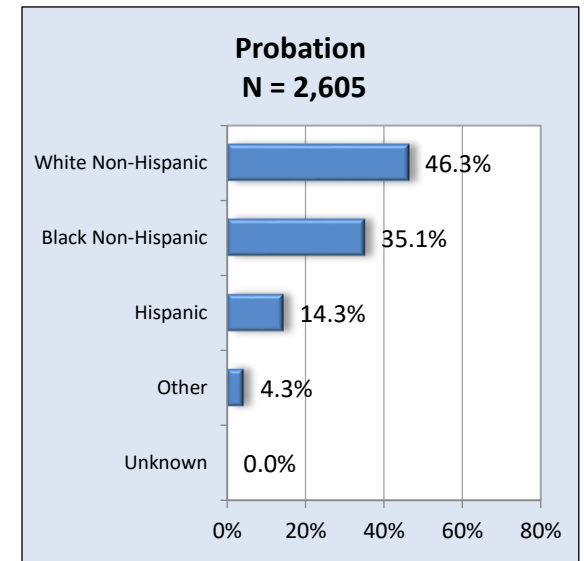

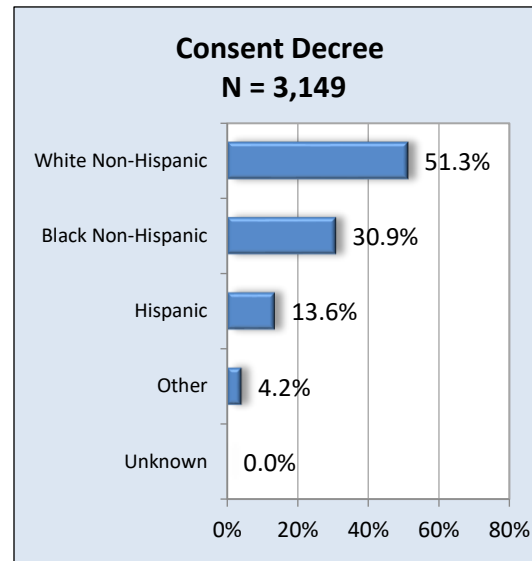

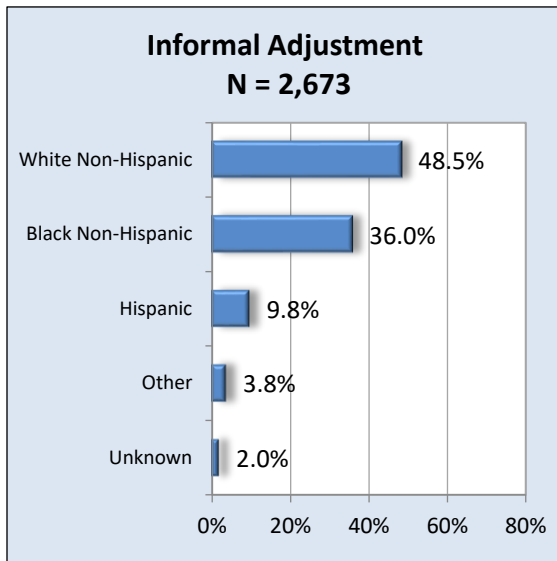

*At the time of publication of the Pennsylvania 2020 Juvenile Court Annual Report, the 2019 Population Estimates had not yet been published. We have included the 2019 Population Estimates in the chart above. 2019 Population Estimates retrieved from The Centers for Disease Control available online at: <http://wonder.cdc.gov/bridged-race-population.html>.

Selected Delinquency Dispositions by Race and Ethnicity, 2020

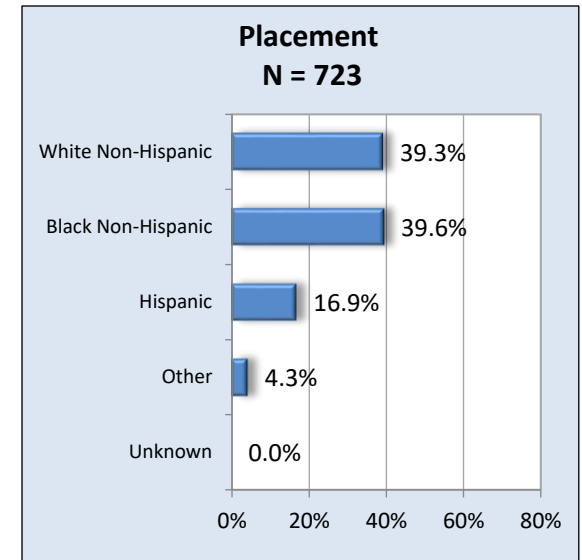

The following charts show the distribution of various dispositions by race and ethnicity.

For delinquency dispositions that did not result in an out-of-home placement (Informal Adjustment, Consent Decree, and Probation), Black Non-Hispanic youth comprised a smaller proportion of cases, while White Non-Hispanic youth comprised a larger proportion of cases than what is reflected in all delinquency dispositions.

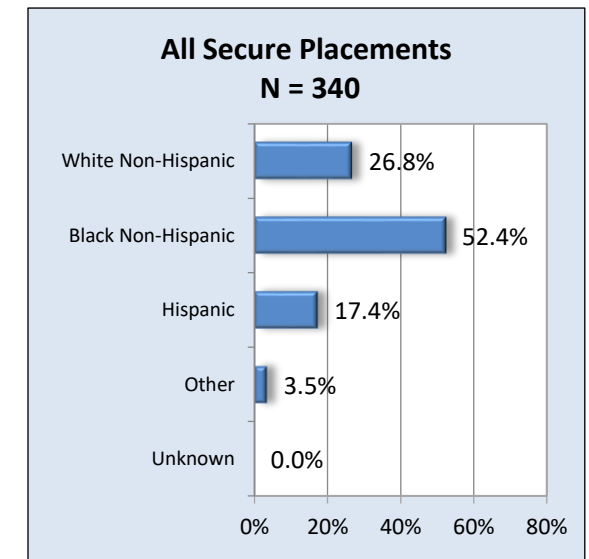

Selected Delinquency Dispositions by Race and Ethnicity, 2020 (continued)

For dispositions that resulted in an out-of-home placement (not including disposition reviews and placement reviews), the proportion of both Hispanic (16.9%) and Black Non-Hispanic (39.6%) youth exceeded their representation in the total number of delinquency dispositions (13.0% and 36.9%, respectively).

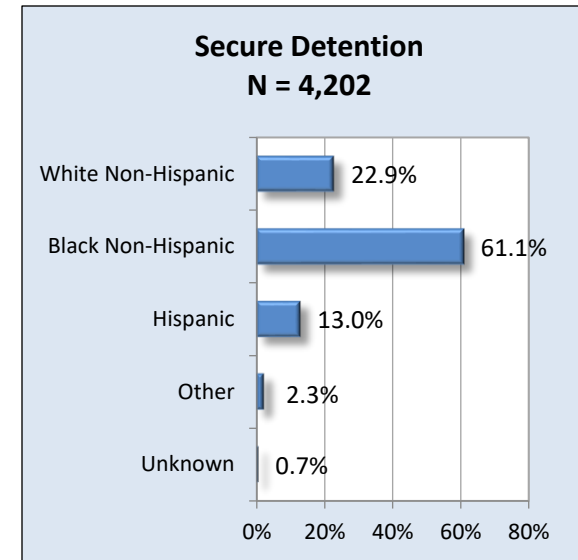

Additionally, the representation of Black Non-Hispanic youth (52.4%) within secure placement settings was disproportionate to the percentage of Black Non-Hispanic youth in all placement dispositions (39.6%).

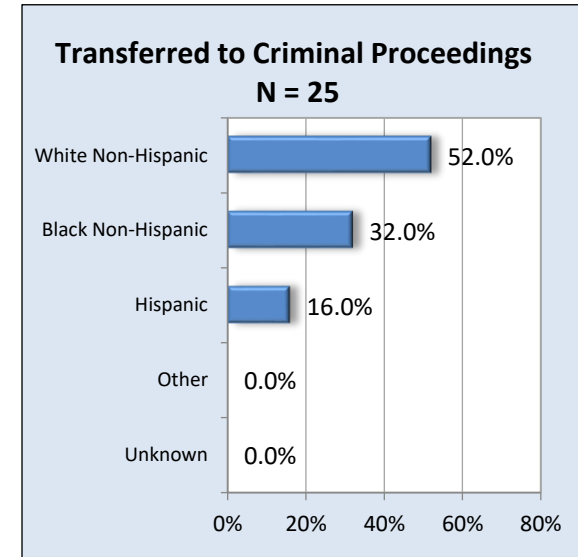

Secure Detention by Race and Ethnicity, 2020

Black Non-Hispanic youth comprised 61.1% of all secure detention admissions in 2020. When excluding Philadelphia and Allegheny Counties, Hispanic youth and Black Non-Hispanic youth represent approximately 16.0% and 41.5%, respectively, of all secure detention admissions. In Philadelphia County, 79.1% of secure detention admissions involved Black Non-Hispanic youth. In Allegheny County, 79.8% of secure detention admissions involved Black Non-Hispanic youth. See Appendix 26 for the number of secure detention admissions by race and ethnicity for each county.

Transferred to Criminal Proceedings by Race and Ethnicity, 2020

Contrary to the findings of past reports, White Non-Hispanic youth comprised a larger proportion of cases transferred to criminal proceedings (52.0%) compared to the 45.2% represented in all delinquency dispositions statewide. Black Non-Hispanic youth comprised a smaller proportion of cases transferred to criminal proceedings (32.0%) than what is reflected in all delinquency dispositions (36.9%). The number of cases transferred to criminal proceedings declined by 54.5% between 2019 and 2020.

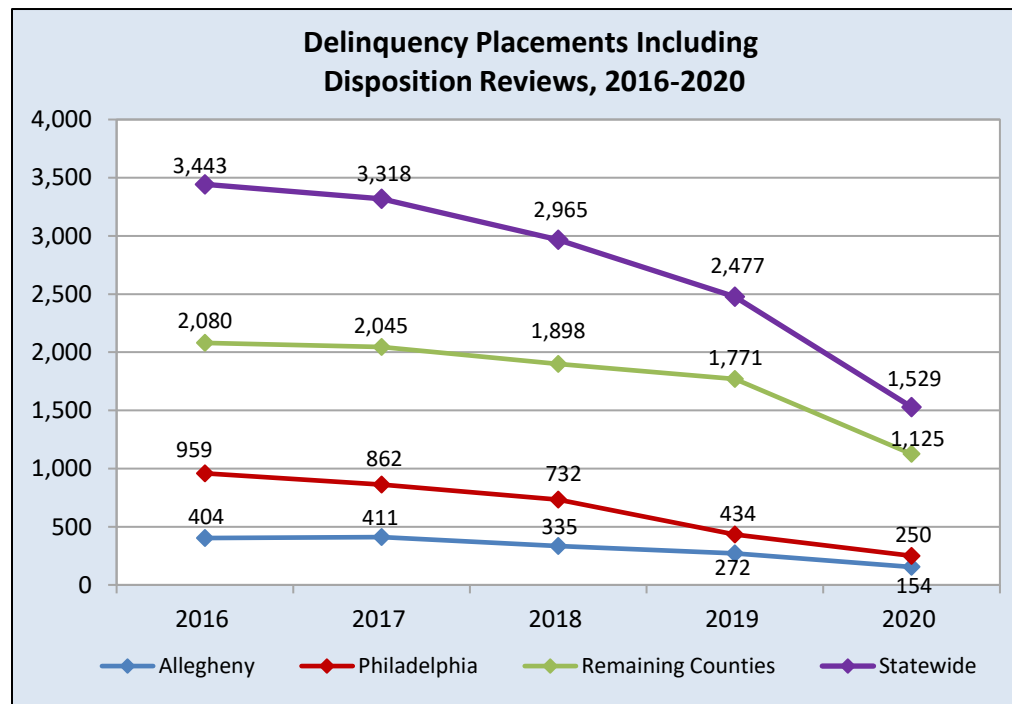

Section 4: Delinquency Placements

Delinquency Placements Including Disposition Reviews, 2016-2020

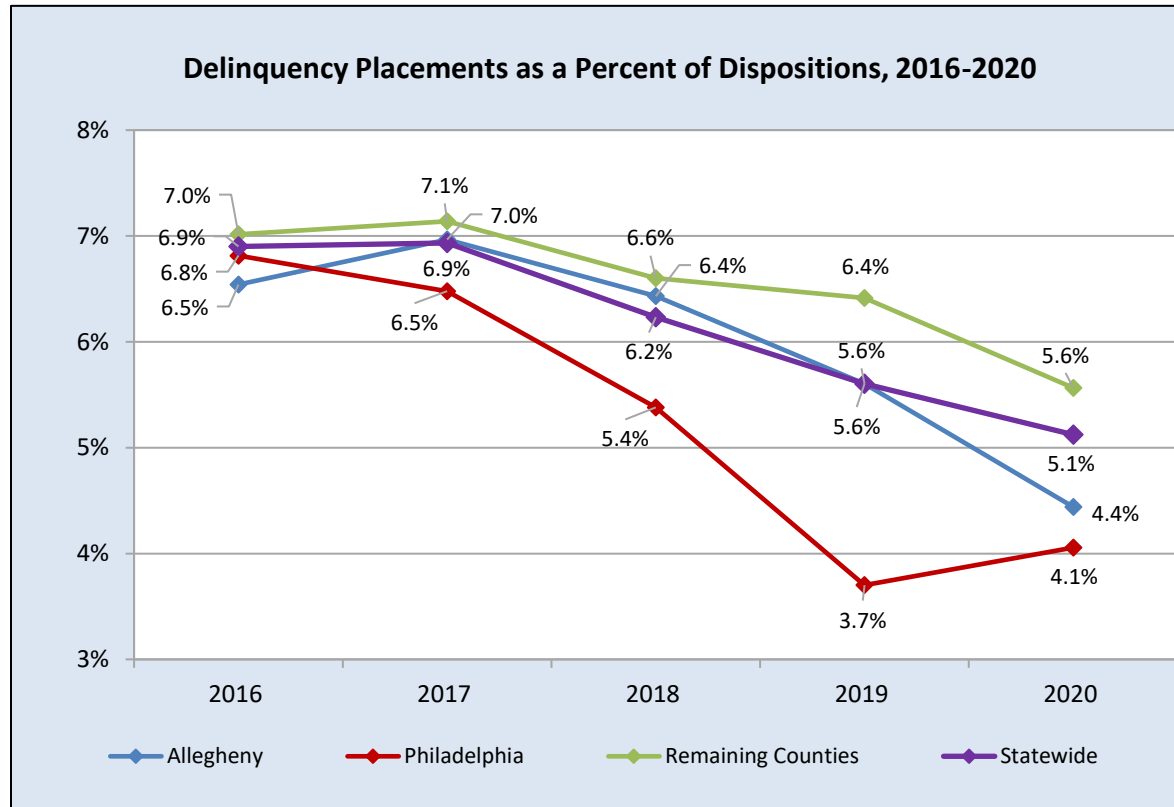

Delinquency placements have declined each year between 2008 and 2020, and there was an overall decrease of 79.5% statewide during that period. Most of these decreases occurred between 2008 and 2019, during which delinquency placements declined by two-thirds (67.1%).

Between 2019 and 2020, there was a 38.3% decrease in placements. This decrease was a bit larger for Allegheny and Philadelphia Counties (43.4% and 42.4%, respectively) than for the remaining counties (36.5%). For more detailed analysis of the pandemic's effect on delinquency placement trends, see Chapter 3 - The Impact of COVID-19 on the Pennsylvania Juvenile Justice System.

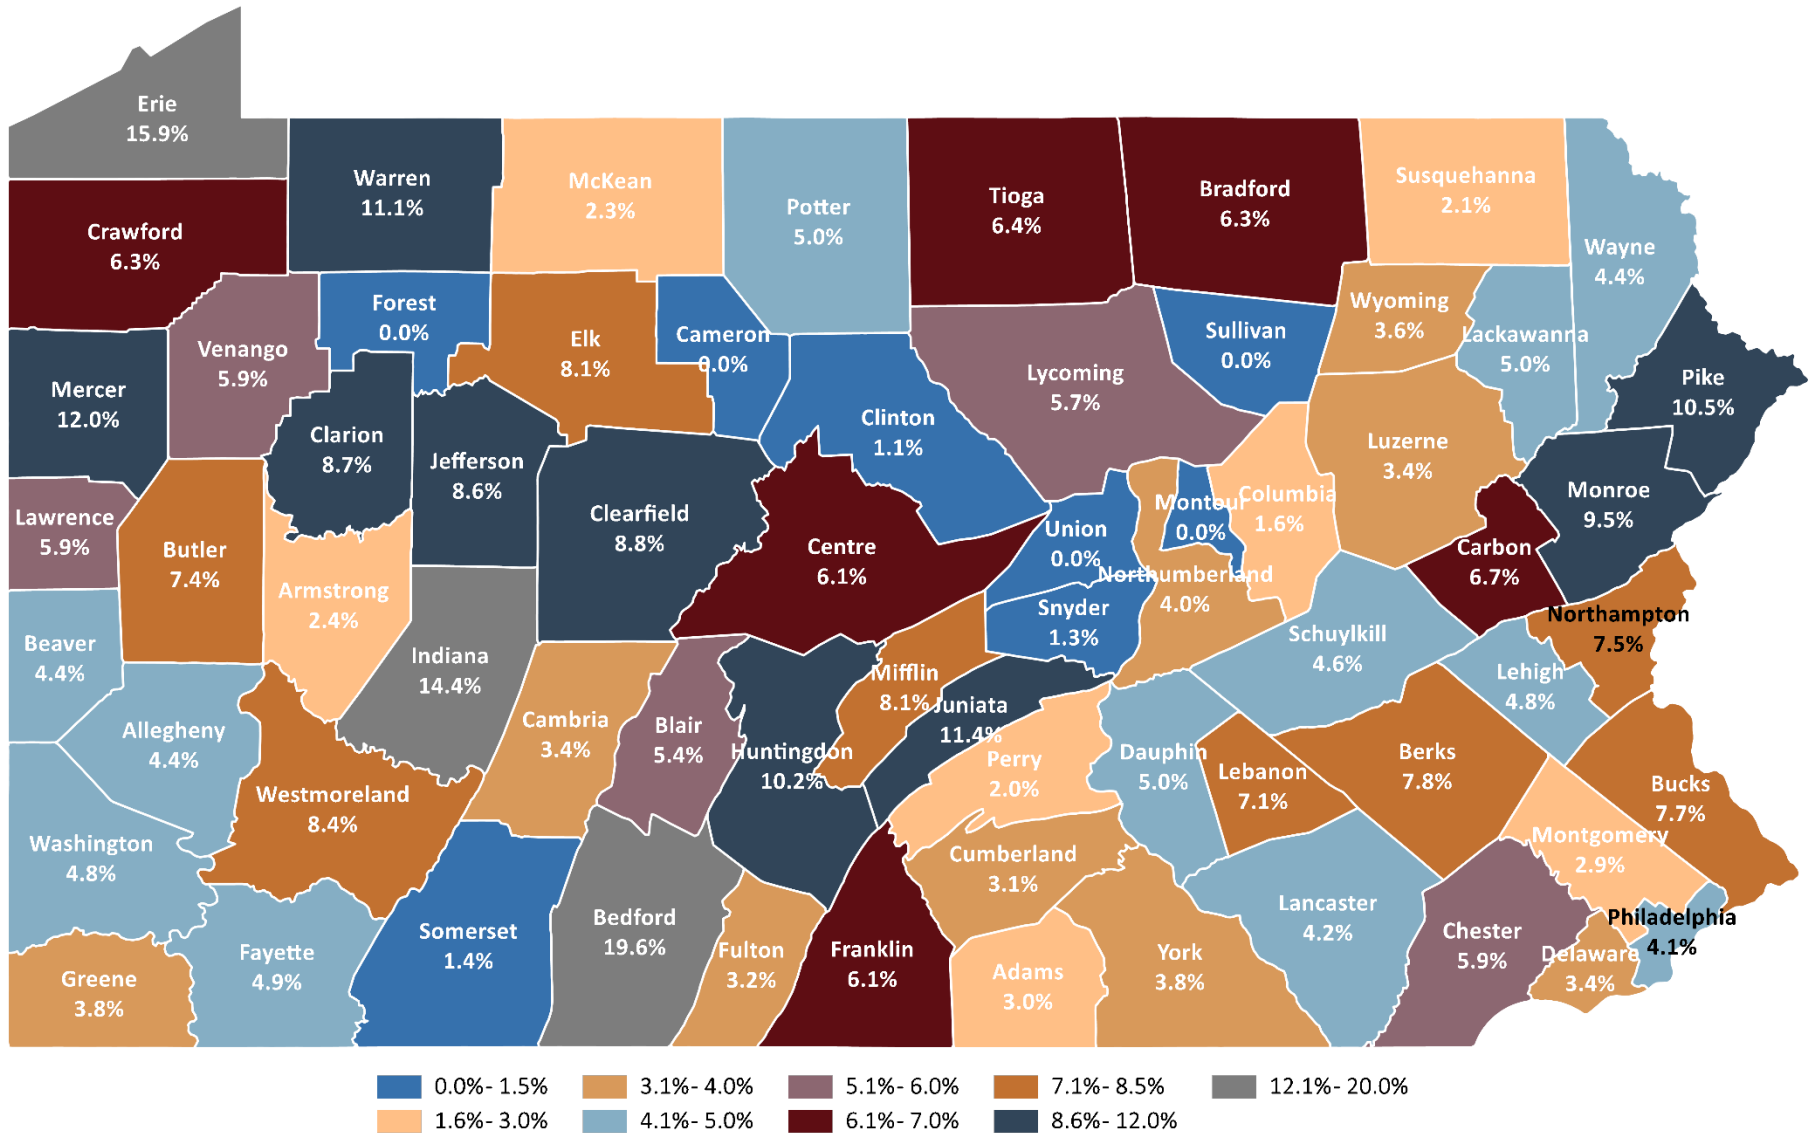

Delinquency Placements as a Percent of Dispositions, 2016-2020

Delinquency placements as a percentage of total dispositions, including disposition reviews, decreased from 5.6% to 5.1% from 2019 to 2020. Philadelphia County placements as a percentage of total dispositions increased from 3.7% in 2019 to 4.1% in 2020. Allegheny County placements as a percentage of total dispositions decreased from 6.4% in 2019 to 4.4% in 2020. In all counties other than Allegheny and Philadelphia, the percentage decreased from 6.4% in 2019 to 5.6% in 2020.

2020 Delinquency Placements as a Percent of Dispositions Including Disposition Reviews

New Allegation Placements vs. Disposition Review Placements, 2020

The following chart depicts the relative percentage of placements that resulted from new allegations versus disposition review proceedings. A disposition review is a hearing conducted by the court regarding a previous disposition which did not result in out-of-home placement.

The percentage of placements resulting from both new allegations and disposition reviews is shown for each county by county class.

Over half of delinquency placements statewide (52.7%) were ordered as a result of a disposition review. This figure, however, was notably influenced by Philadelphia, which accounted for 16.4% of all delinquency placements statewide, and where 66.0% of all delinquency placements were ordered as a result of a disposition review.

Across all other county class groups, the average distribution of delinquency placements was 49.9% from new allegations and 50.1% from disposition reviews. Philadelphia, Allegheny, and Class 2A, Class 5, Class 6, and Class 8 are the county class groups with a majority of delinquency placements originating from disposition reviews.

COUNTY	NEW ALLEGATION PLACEMENTS	DISPOSITION REVIEW PLACEMENTS	TOTAL PLACEMENTS
CLASS 1

Total Delinquency Placements by Type, 2020 Including Disposition Reviews

Beginning in 2016, the collection of delinquency placement-related data was enhanced within the Pennsylvania Juvenile Case Management System (PaJCMS). All residential placement programs are now categorized by licensed service types, which are determined by 55 PA Code Chapter 3140. For the purposes of this report, there are three overarching service types: Community Based, Institutional, and “Other.”

Community Based Category:

- Community Residential Service/Group Home
- Foster Care
- Supervised Independent Living
- Transitional Living

Institutional Category:

- General Residential
- Secure Residential
- YDC Secure
- YDC/YFC Non-Secure

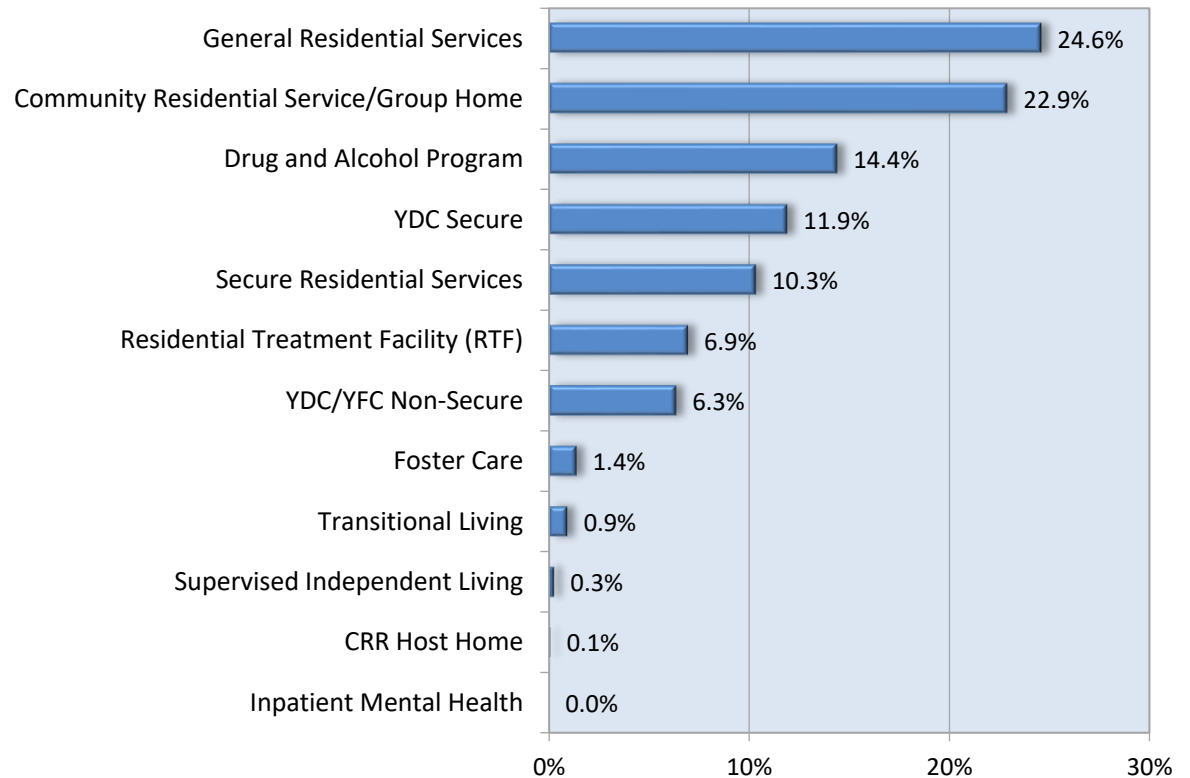

“Other” Category:

- CRR Host Home
- Drug and Alcohol Program
- Inpatient Mental Health
- Residential Treatment Facility (RTF)

General Residential Services, Community Residential Service/Group Homes, and Drug and Alcohol Programs were the most frequently used programs in 2020, comprising 61.9% of all delinquency placements.

Note: Due to changes in PaJCMS classification of placement service types in 2016, the reader is cautioned against comparing this data to previously published (2015 and earlier) delinquency placement data.

Delinquency Placements by Type, 2020

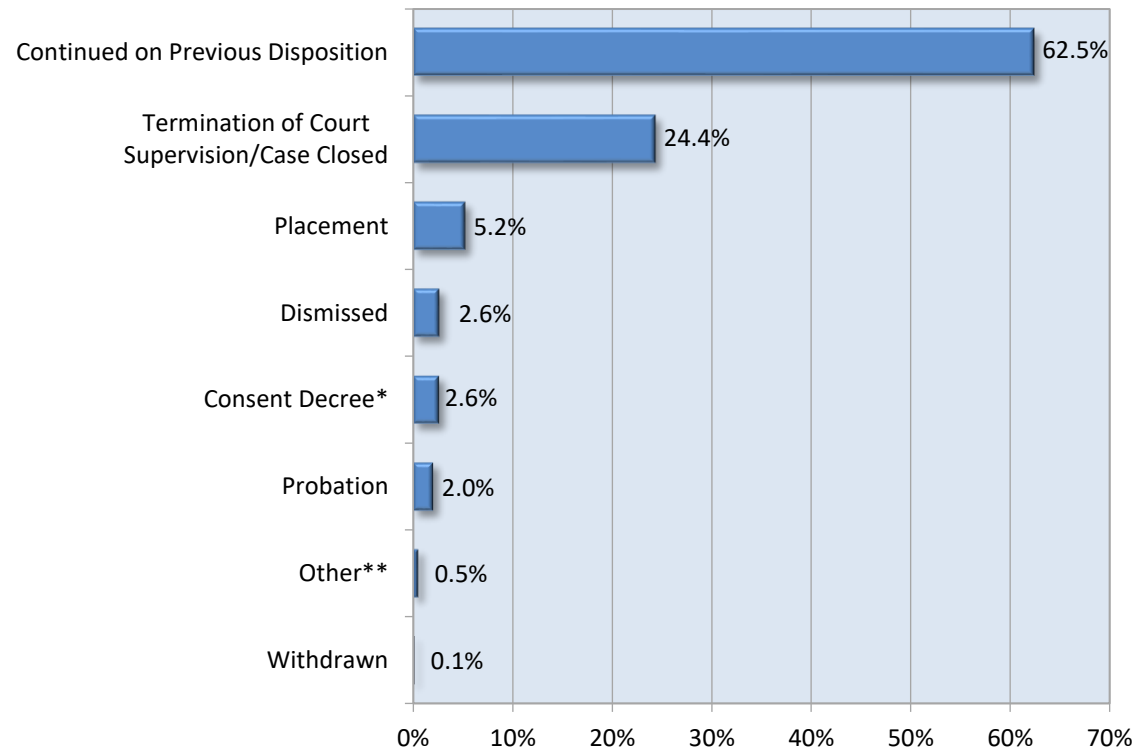

Section 5: Delinquency Disposition and Placement Reviews

Outcomes of Delinquency Disposition Reviews, 2020

A disposition review is a hearing conducted by the court regarding a previous disposition. Although the majority of delinquency placements resulted from disposition reviews (see page 39), less than 1 in 10 disposition review proceedings resulted in a delinquency placement. The vast majority of disposition reviews resulted in an order of Continued on Previous Disposition.

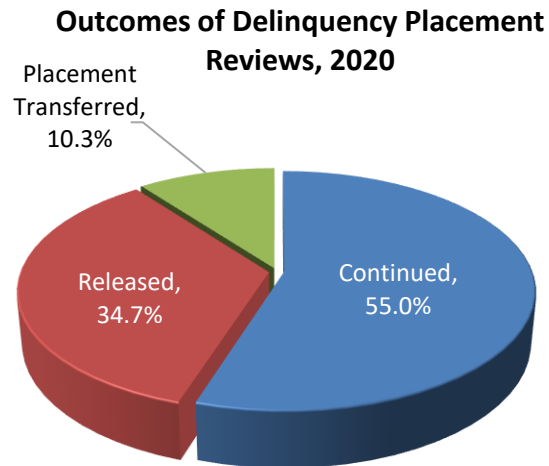

Outcomes of Delinquency Disposition Reviews as a % of Total, 2020

*The following counties had a total of 322 cases where the disposition was reported as deferred adjudication with no reported adjudication of delinquency at the time of disposition. These dispositions have been included in the disposition of Consent Decree. (Columbia-2, Luzerne-4, Monroe-1, and Philadelphia-315).

**The "Other" category includes dispositions of Administrative Supervision Only/Collections, Transfer to Other Juvenile Court, Restitution Only, and Fines/Costs Ordered by the Court.

Outcomes of Delinquency Placement Reviews, 2020

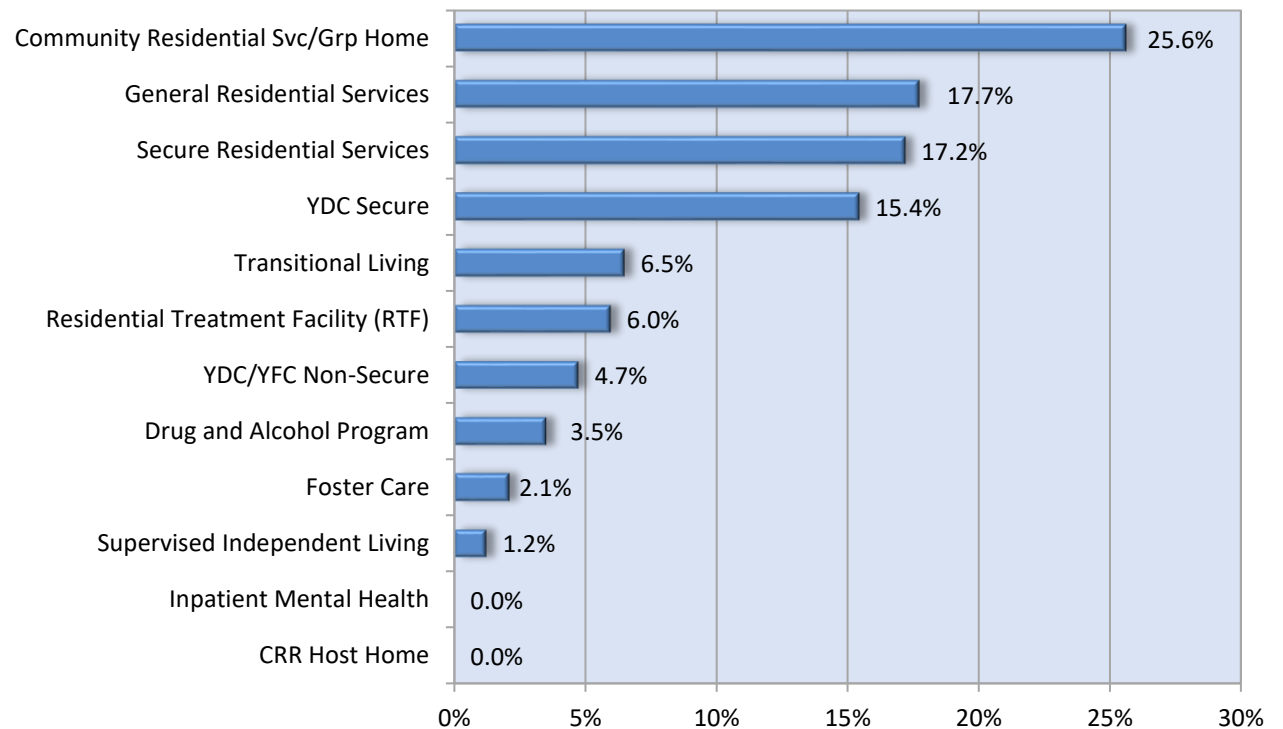

A placement review is a hearing conducted by the court regarding a previous disposition which resulted in out-of-home placement.

The majority of delinquency placement review proceedings resulted in an order of Continued in Previous Placement (55.0%). Released from Placement was the outcome in 34.7% of placement reviews and Transferred to Another Placement occurred in 10.3% of placement reviews.

In the small percentage of placement reviews in which a transfer to another placement was ordered, most transfers were to a community residential service/group home.

Transferred Placements by Type, 2020

Section 6: Dependency Dispositions

Dependency Dispositions, 2020

Since 1991, the Juvenile Court Judges' Commission collects information on dependency cases processed by juvenile probation departments. These figures do not reflect the total number of dependency cases in the Commonwealth. A dependency case is defined as a new referral that is processed by the juvenile probation department and that does not have accompanying delinquency allegations.

Only the counties that report dependency dispositions are shown in the tables in this section.

COUNTY	TOTAL DISPOSITIONS	CONSENT DECREE	DISMISSED	INFORMAL ADJUSTMENT	OTHER	PLACEMENT	PROTECTIVE SUPERVISION	WARNED AND COUNSELED	WITHDRAWN
ADAMS	1	0	0	0	1	0	0	0	0

Note: The data do not include dispositions resulting from disposition review and placement review hearings.

Chapter 3 - The Impact of COVID-19 on Pennsylvania's Juvenile Justice System

Overview

Earlier chapters of this report documented how 2020 patterns of allegations, dispositions, and the use of detention diverge from previous years in ways that are very likely attributable to the COVID-19 pandemic. Nevertheless, the Annual Report's standard method of analyzing a whole year's worth of data does not capture how the disruption caused by the pandemic was much greater in certain months than in others. Likewise, combining all of 2020 together and comparing to previous years risks understating the pandemic's impact on the juvenile justice system by including two-and-a-half months (January through mid-March) before the pandemic began to affect juvenile court business practices. For these reasons, a pandemic-specific analysis is included as part of this year's Annual Report.

This chapter analyzes select data reflecting allegations, dispositions, and placements that appear in the main report, but at a more granular level with the purpose of highlighting the pandemic's impact. Analyzing data on a month-by-month basis, for example, provides for a more nuanced analysis of exactly when the pandemic had the largest effect on allegations and dispositions, and how long those patterns lasted. Likewise, this chapter summarizes patterns observed during the "pandemic months" and compares them to the same period in 2019 as well as to the pre-pandemic period in 2020. **"Pandemic months" includes April through December, while the pre-pandemic period is considered January through March.** Although the pandemic began in mid-March, it was decided that March should not be included in the definition of "pandemic months" because at least two of those weeks occurred prior to juvenile court business practices being affected by COVID-19, and the goal is to isolate the pandemic's impact on the court system. In addition, Pennsylvania's Juvenile Case Management System (PaJCMS) data fields are presented in this chapter that are not analyzed in the rest of the Annual Report (e.g., whether court hearings are held in person or via phone or video conference). Examining these additional fields helps isolate the effect of the pandemic on juvenile court activity.

With the goal of better explaining trends in the data, this analysis additionally presents results from the *COVID-19 Response in Pennsylvania's Juvenile Probation Departments Surveys*, which JCJC administered on four separate occasions in 2020 to capture how juvenile probation departments throughout the Commonwealth were adapting to the pandemic conditions (see link on the JCJC website: <https://www.jcjc.pa.gov/Publications/Documents/COVID-19%20Survey%20Analysis.pdf>). Topics covered by the survey include: Furlough, Office Operations, Contact with Youth & Families, and Probation Intake & Court Proceedings. The qualitative and quantitative responses to the surveys help make sense of several of the trends described in this chapter.

This analysis focuses on state-level rather than county-level trends to describe how the pandemic has impacted Pennsylvania's juvenile justice system as a whole. As a result, certain trends or explanations of trends presented here may not apply to a specific county. Appendices 33 through 37 present county-specific data, and county probation departments are encouraged to compare their numbers to this chapter's findings.

This chapter is organized into three sections: (1) Written Allegations, (2) Court Hearings and Case Processing, and (3) Out-of-Home Placements.

Impact of COVID-19 Statistical Highlights

2019 - 2020 Pandemic Months

- ▼ 44.0% - Written Allegations
- ▼ 41.6% - Hearings Held

2020 Pre-Pandemic vs. Pandemic Months

- ▼ 24.5% - Average Number of Youth in Placement First Day of Each Month

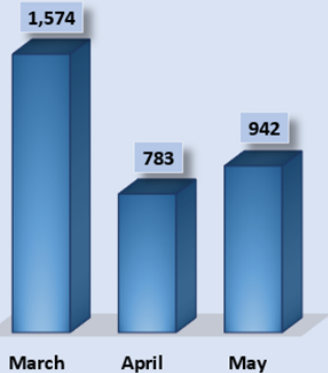

2019 - 2020 Pandemic Months Largest % Decrease

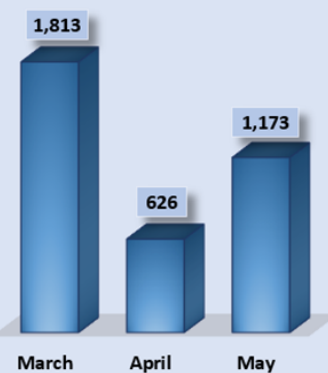

Top 5 Offenses

- ▼ 87.6% - Aggravated Assault Against a Teacher
- ▼ 74.5% - Disorderly Conduct
- ▼ 70.6% - Terroristic Threats
- ▼ 64.1% - Retail Theft
- ▼ 60.0% - Institutional Vandalism

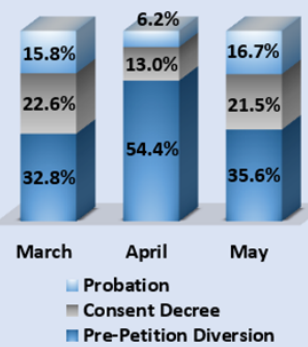

WRITTEN ALLEGATIONS
MARCH - MAY 2020

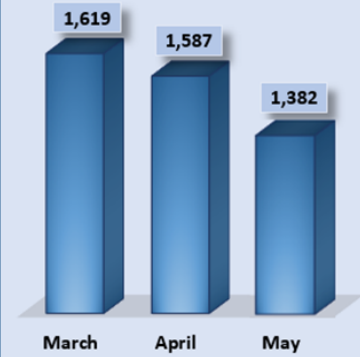

HEARINGS HELD
MARCH - MAY 2020

CASE PROCESSING OF NEW ALLEGATION DISPOSITIONS
MARCH - MAY 2020

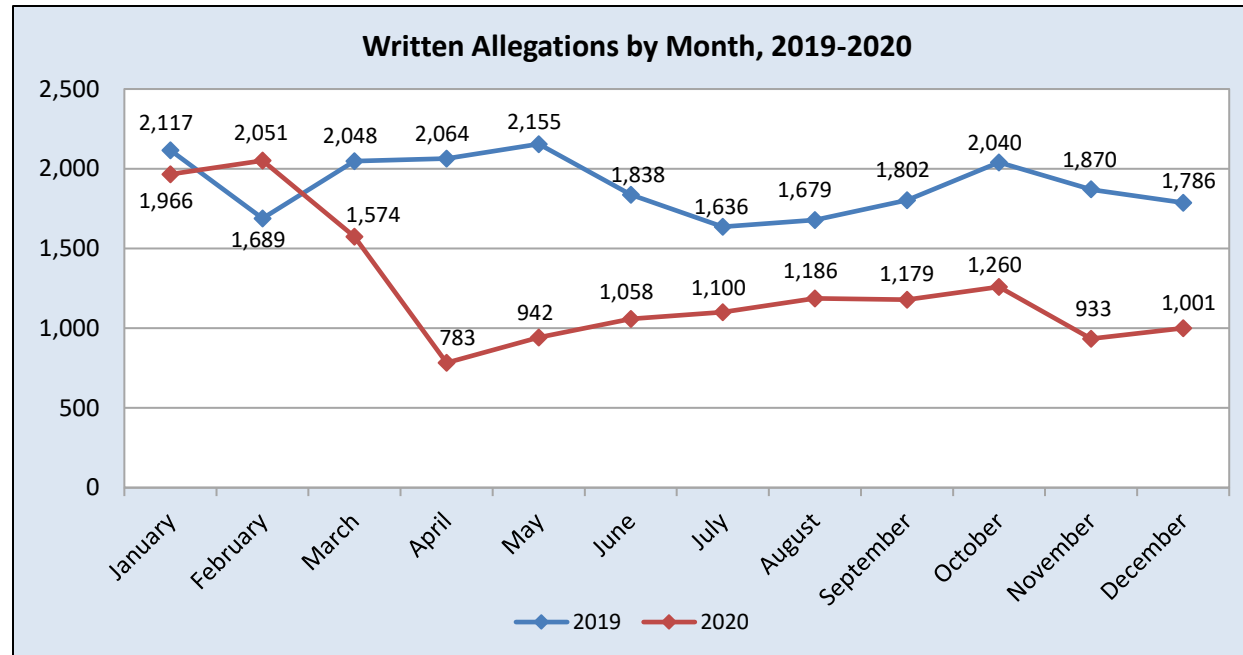

YOUTH IN PLACEMENT
FIRST DAY OF EACH MONTH
MARCH - MAY 2020

Section 1: Written Allegations

Written Allegations by Month, 2019-2020

A precipitous drop (50.3%) in written allegations occurred between March and April, after which allegations gradually increased through October-- before declining to a lower level in November and December. In total, for the pandemic months (April through December), written allegations declined 44.0% between 2019 and 2020, from 16,870 to 9,442.

Top Ten Offenses with the Largest Decreases in Written Allegations Between 2019 and 2020 for the Pandemic Months

The five offenses with the largest declines in allegations between 2019 and 2020 were: (1) Aggravated Assault Against a Teacher (87.6%), (2) Disorderly Conduct (74.5%), (3) Terroristic Threats (70.6%), (4) Retail Theft (64.1%), and (5) Institutional Vandalism (60.0%). The larger than average declines in Simple and Aggravated Assault (57.6% and 54.7%, respectively, vs. a 44.0% decline in allegations overall) also stand out, given that these offenses comprise a relatively large portion of written allegations.

TOP 10 OFFENSES WITH THE LARGEST DECREASES IN WRITTEN ALLEGATIONS BETWEEN 2019 AND 2020 FOR THE PANDEMIC MONTHS			
OFFENSE	2019 ALLEGATIONS	2020 ALLEGATIONS	PERCENTAGE DECREASE
Aggravated Assault Against a Teacher	193	24	87.6%
Disorderly Conduct	341	87	74.5%
Terroristic Threats	783	230	70.6%
Retail Theft	284	102	64.1%
Institutional Vandalism	135	54	60.0%
Simple Assault	1,744	740	57.6%
Aggravated Assault	916	415	54.7%
Harassment/Stalking	156	80	48.7%
Possession of Drugs	1,486	827	44.3%
Weapons Offense	717	401	44.1%

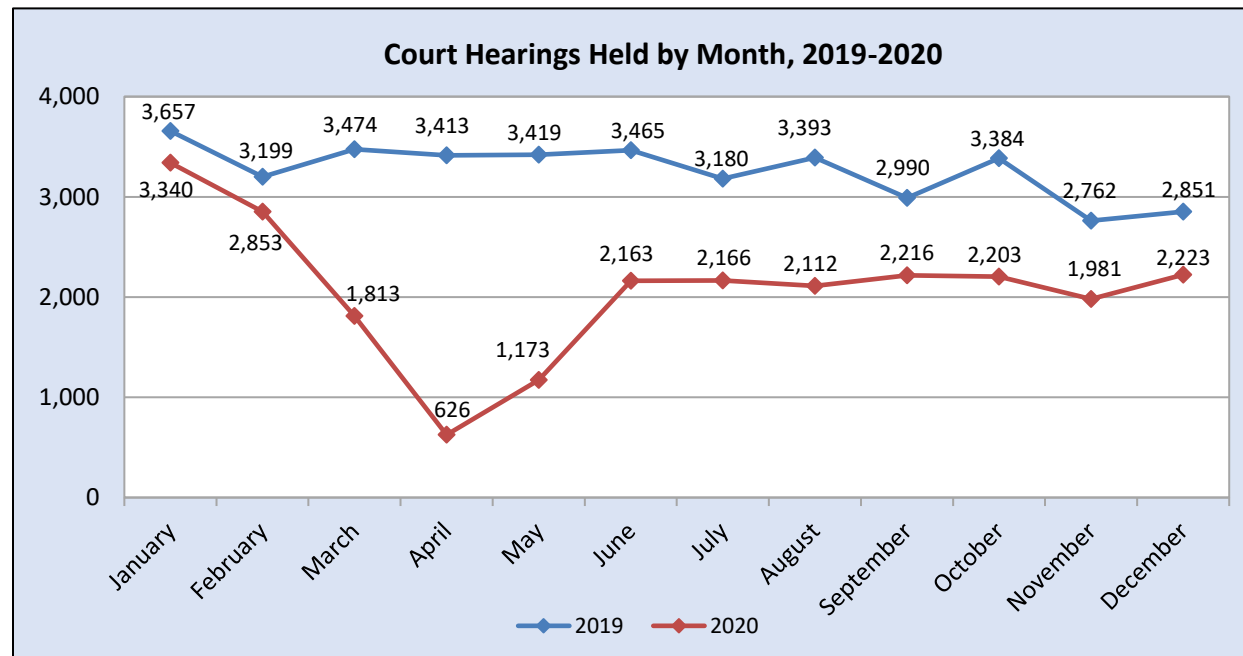

Note: This analysis is restricted to offenses that had at least 100 written allegations in 2019.

Section 2: Court Hearings and Case Processing

Court Hearings Held by Month, 2019-2020

There was a substantial decrease in the number of court hearings held by juvenile court--including disposition and placement reviews--during the early months of the pandemic, paralleling the steep drop in written allegations that also occurred during that time. Hearings declined 36.5% between February and March and then decreased another 65.5% between March and April. As a result, the number of hearings held in April was just over one-fifth of those held in February (626 vs. 2,853).

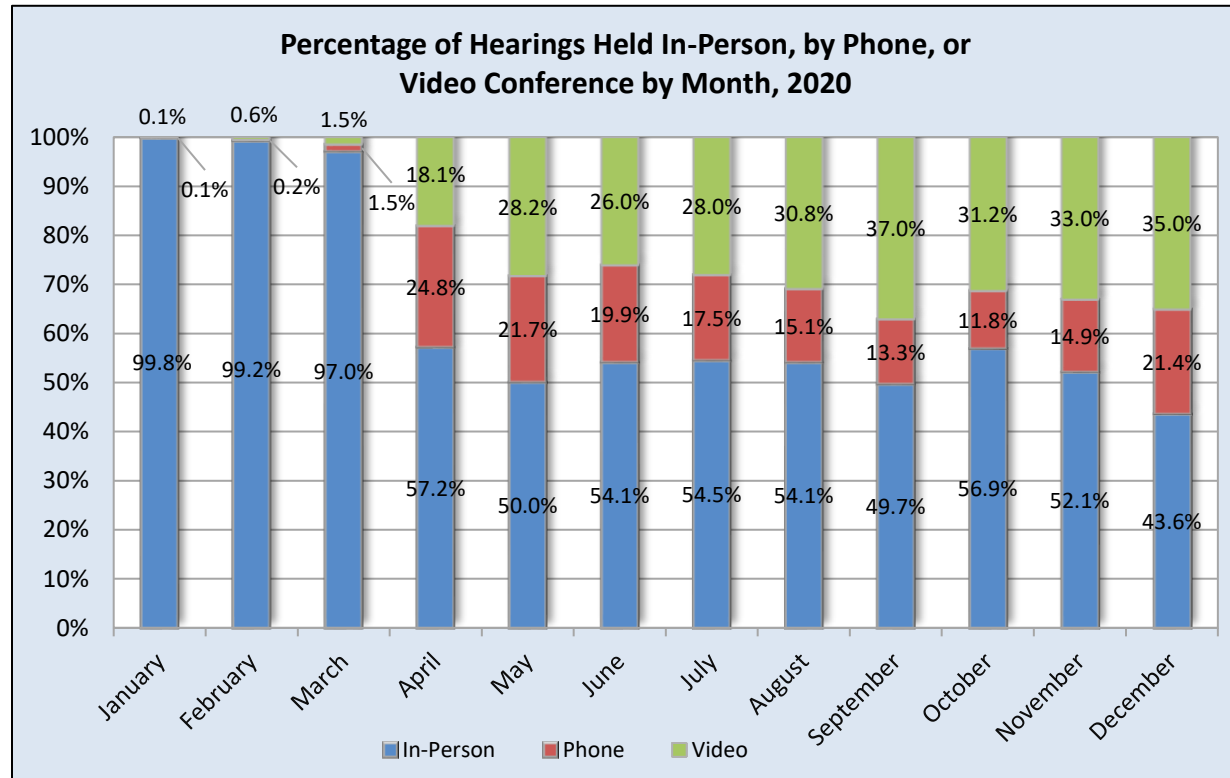

Hearings increased substantially between April and June 2020, though they remained at a lower level than in 2019 for the remainder of the year. Overall, during the pandemic months, the number of hearings declined 41.6% between 2019 and 2020, from 28,857 to 16,863.

Note: This analysis does not include decisions that courts made by way of signed court orders.

Percentage of Hearings Held In-Person, by Phone, or Video Conference by Month, 2020

The percentage of court hearings held in person declined from an average of 98.7% for the first three months of the year to 57.2% in April. This percentage decreased to 50.0% in May and remained at a relatively low level for the rest of the year. Conversely, for each of the pandemic months, courts have utilized remote technology in at least 40.0% of hearings. In April, a greater percentage of hearings were held by phone than by video conference (24.8% vs. 18.1%). Since that time, video conferencing has become the most common method of holding hearings that are not in-person.

COVID-19 Response in Pennsylvania’s Juvenile Probation Departments, Surveys #2 and #4

This data parallels findings from the COVID-19 Response in Pennsylvania’s Juvenile Probation Departments Surveys, which JCJC administered four times throughout 2020. Select results from Survey #2 (53 counties responding) and Survey #4 (42 counties responding) are presented below.

When Survey #2 was administered in late March, most departments reported postponing in-person hearings, and some also reported using phone and video technology. By the time Survey #4 was administered, at the end of August through early September, most departments had resumed in-person hearings. Still, a much greater percentage were using video technology, and there were also smaller increases in the percentage of counties conducting hearings by phone.

When looked at together, the results from the survey and the data suggest that, after an initial period of postponing in-person hearings, counties have adapted to the pandemic by both resuming in-person hearings for certain cases and holding hearings for other cases remotely. For more qualitative and quantitative information on how juvenile probation departments responded to the pandemic, please see the detailed survey results at the following link: <https://www.jcjc.pa.gov/Publications/Documents/COVID-19%20Survey%20Analysis.pdf>.

Note: In these tables, respondents were able to select multiple hearing formats for each hearing type.

ADJUDICATION HEARINGS	SURVEY #2 (MARCH 26-27)	SURVEY #4 (AUGUST 28-SEPTEMBER 4)
In-Person	14.6% (6)	88.1% (37)
Video Technology	26.8% (11)	45.2% (19)
Telephone	14.6% (6)	23.8% (10)
Via Memo	0.0% (0)	0.0% (0)
Hearing Type Postponed	75.6% (31)	4.8% (2)

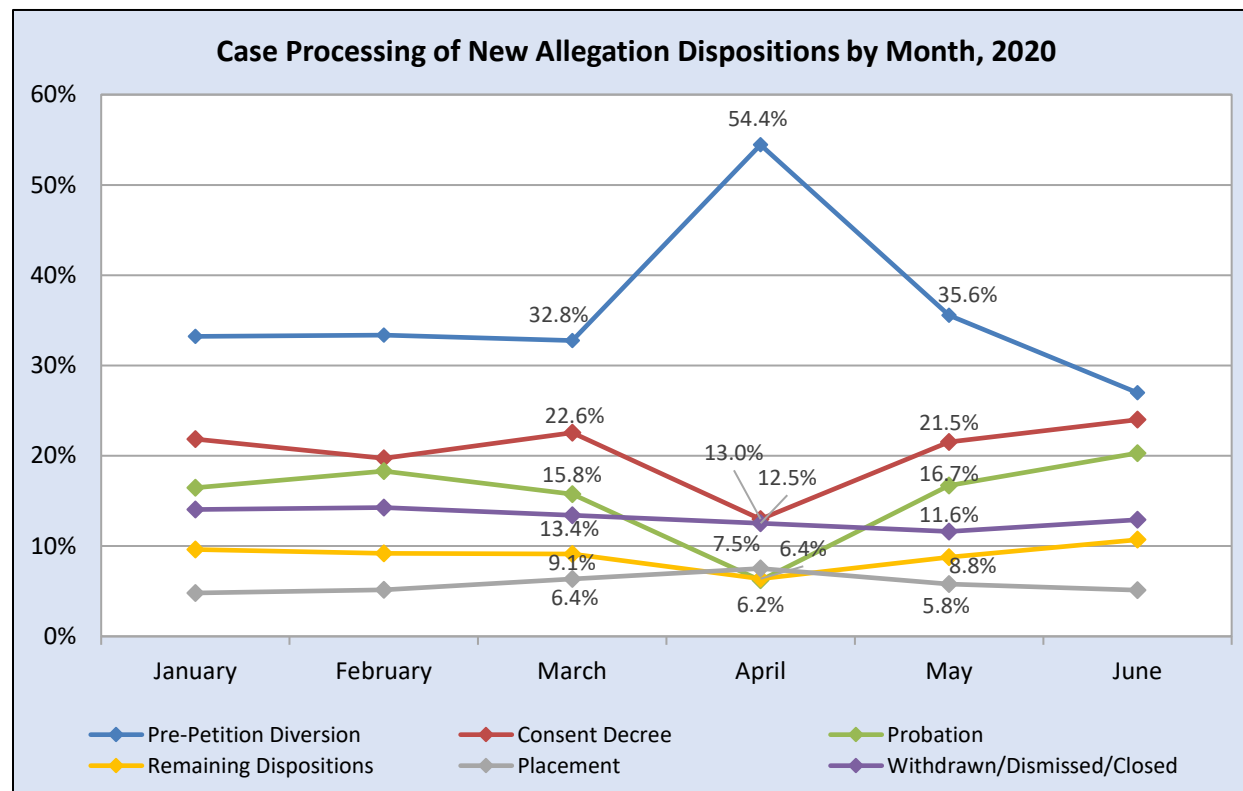

DISPOSITIONAL REVIEW HEARINGS	SURVEY #2 (MARCH 26-27)	SURVEY #4 (AUGUST 28-SEPTEMBER 4)
In-Person	4.9% (2)	73.8% (31)
Video Technology	34.1% (14)	57.1% (24)
Telephone	22.0% (9)	33.3% (14)
Via Memo	12.1% (5)	0.0% (0)
Hearing Type Postponed	75.6% (31)	2.3% (1)

PLACEMENT REVIEW HEARINGS	SURVEY #2 (MARCH 26-27)	SURVEY #4 (AUGUST 28-SEPTEMBER 4)
In-Person	2.4% (1)	69.1% (29)
Video Technology	53.7% (22)	78.6% (33)
Telephone	36.6% (15)	31.0% (13)
Via Memo	9.8% (4)	2.4% (1)
Hearing Type Postponed	46.3% (19)	0.0% (0)

Case Processing of New Allegation Dispositions by Month, 2020

In the analysis below, new allegation dispositions were categorized as: Pre-Petition Diversion; Consent Decree; Withdrawn, Dismissed, or Closed; Probation; Placement; and Remaining Dispositions. The data shows the pandemic only had a short-term impact on how juvenile courts processed new delinquency allegations. Between March and April, the percentage of new allegation dispositions processed through pre-petition diversion increased from 32.8% to 54.4% before declining to 35.6% in May. Paralleling this finding, the percentage of dispositions resulting in consent decrees decreased from 22.6% in March to 13.0% in April before increasing to 21.5% in May. Likewise, the percentage of dispositions resulting in probation also declined from 15.8% in March to 6.2% in April before increasing to 16.7% in May. Paralleling this finding, the percentage of dispositions resulting in probation also declined from 15.8% in March to 6.2% in April before increasing to 16.7% in May.

There were no major statewide trends in how cases were processed after the first couple of months of the pandemic (not shown), though this overall conclusion does not mean that such trends did not occur in particular counties.

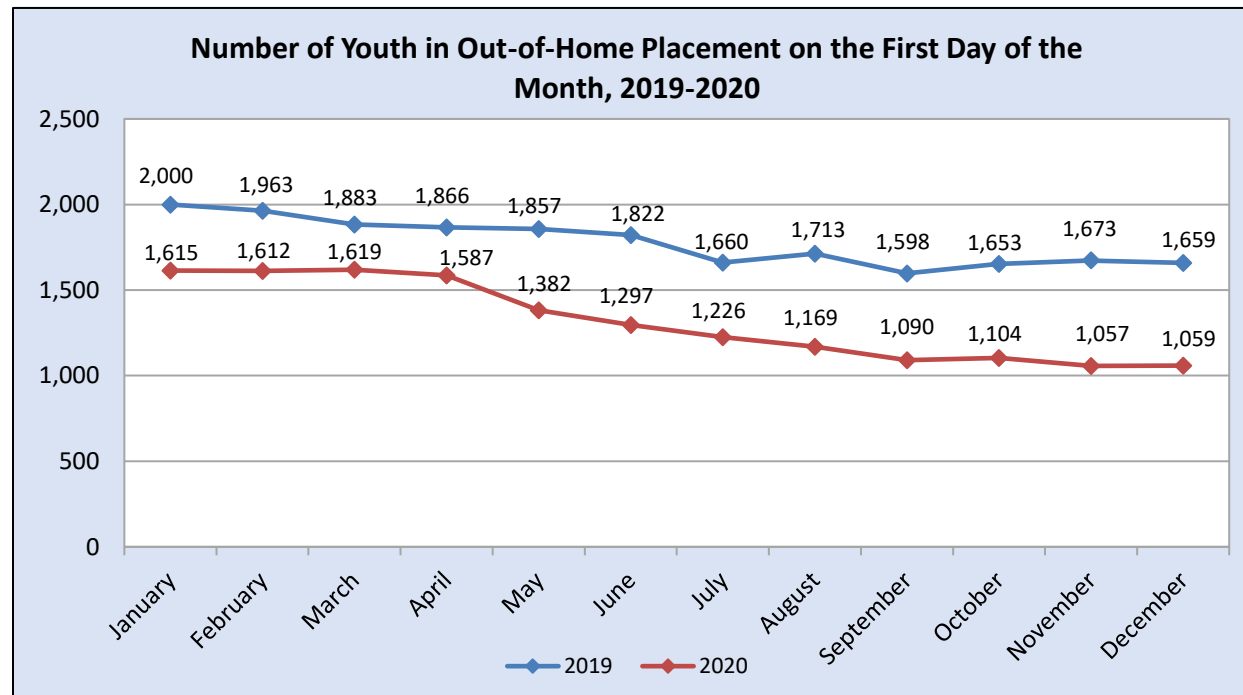

Note: The 5 most common dispositions categorized as "Remaining Dispositions" are: Transfer to Another Juvenile Court (49.9%); Accepted Courtesy Supervision (13.5%); Continuance of Previous Disposition (12.3%); Fines/Costs Ordered by the Court (9.0%); Referred to Another Agency/Individual (4.4%). The "Remaining Dispositions" category accounts for 10.6% of all dispositions in 2019-2020.

Section 3: Out-of-Home Placements

Number of Youth in Out-of-Home Placement on the First Day of the Month, 2019-2020

At the beginning of the pandemic, between April and May, the number of youth in out-of-home placement (not including detention and shelter stays and diagnostic placements) on the first day of the month declined 12.9% from 1,587 to 1,382. This number continued to drop throughout the entire year, decreasing an additional 23.4% between May and December.

Pre-pandemic (January through March), there were an average of 1,615 juveniles in placement on the first day of the month. During the pandemic months (April through December), there were an average of 1,219 juveniles in placement, a 24.5% decline. While the number of youth in placement also declined during those same months in 2019, the decrease was approximately half as large (11.6%).

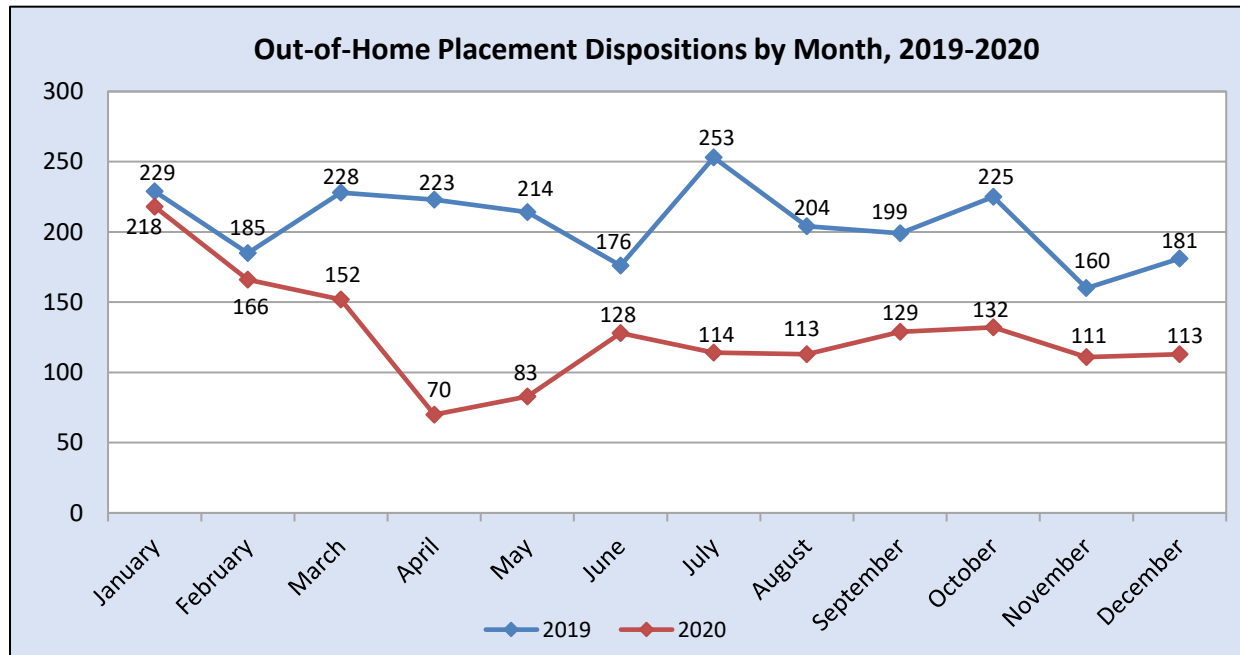

Note: Data on Detention and Shelter Stays and Diagnostic Placements are not included in any of the graphs for Section 3: Out-of-Home Placements. The placement types included are the same as are listed in Total Delinquency Placements by Type, 2020, Including Disposition Reviews, on p. 41.

Out-of-Home Placement Dispositions by Month, 2019-2020

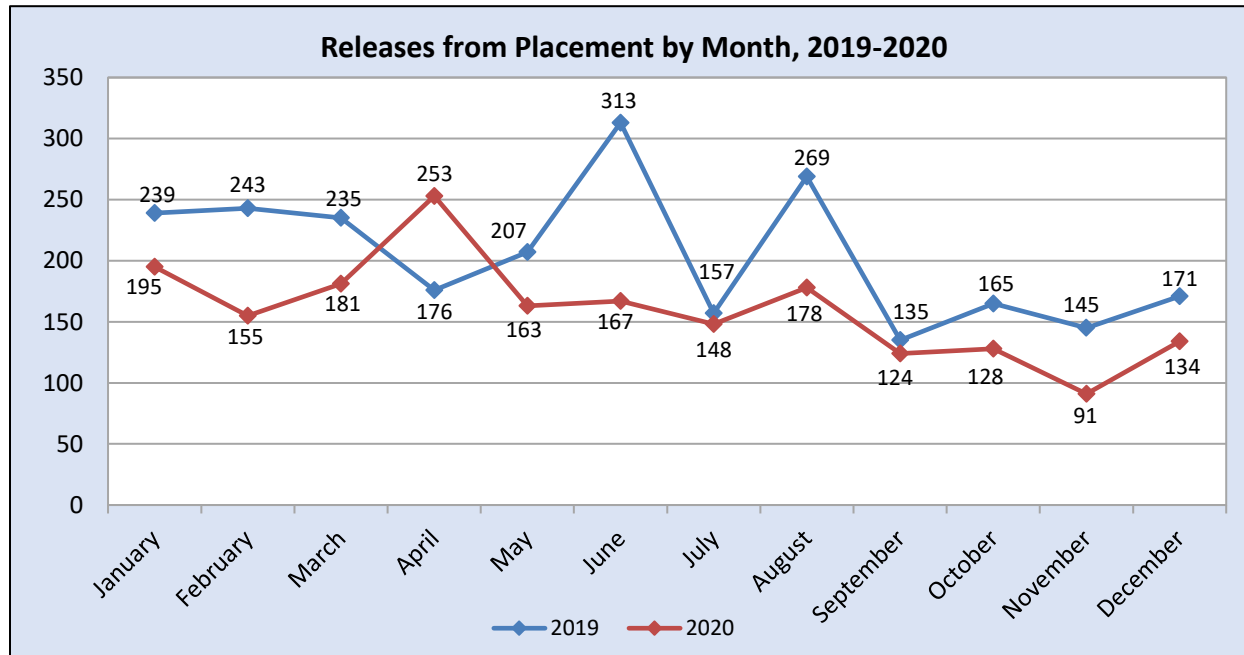

Trends in placement dispositions, rather than placement releases, explain declines in the number of youth in placement at the beginning of the month. Pre-pandemic (January through March), there were an average of 179 placement dispositions per month. During the pandemic months, there were an average of 110 placement dispositions per month, a 38.2% decline. In 2019, the average number of placement dispositions per month was 214 for January through March, and 204 for June through December, a 4.7% decrease.

In sum, Pennsylvania experienced a major reduction in the number of juveniles in out-of-home placement during the pandemic.

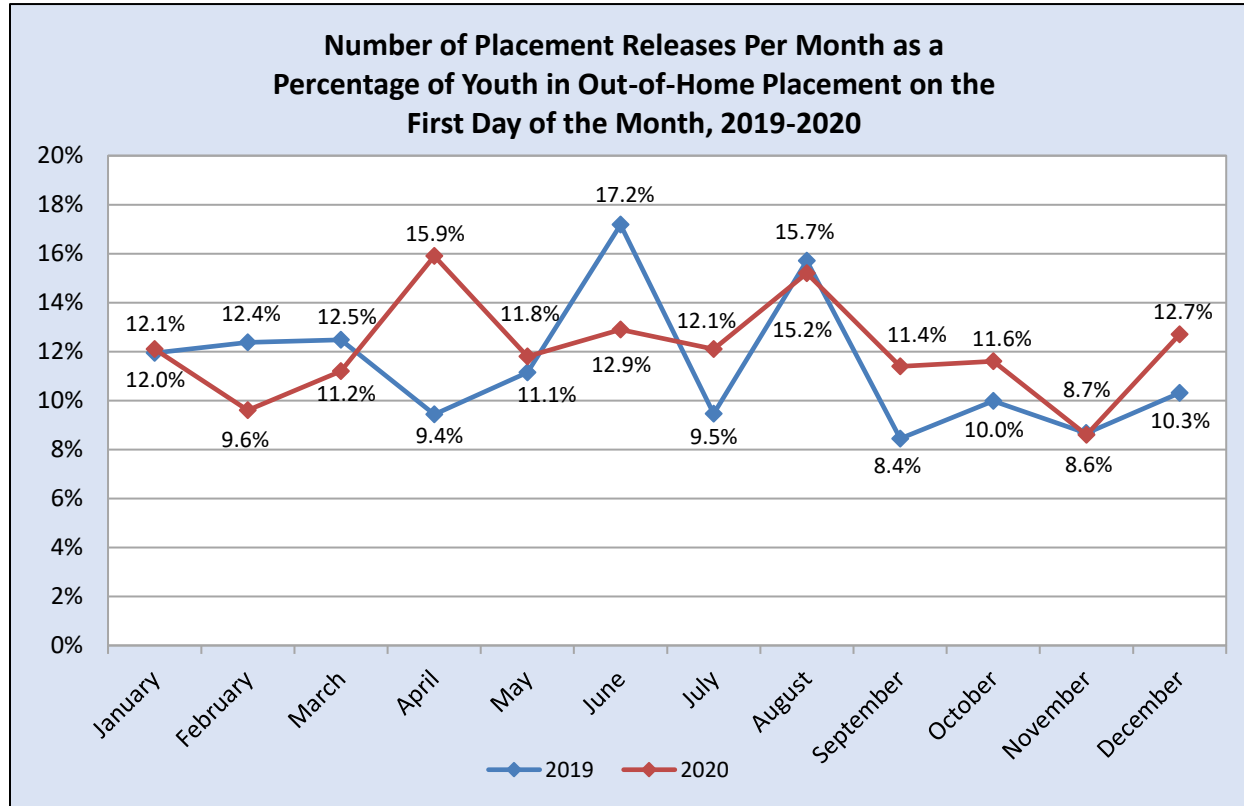

Releases from Placement by Month, 2019-2020

While there was a large increase between March and April in releases from placement as a percentage of youth in placement at the start of the month, this number was higher in June 2019 than in April 2020 (17.2% vs. 15.9%). Overall, patterns in placement releases during the pandemic months of 2020 do not look much different from the same period in 2019.

Number of Placement Releases Per Month as a Percentage of Youth in Out-of-Home Placement on the First Day of the Month, 2019-2020

*Includes 92 secure detention admissions to the Jefferson Detention Center in Ohio by the following counties: Beaver (15); Fayette (5); Lawrence (2); and Washington (70).

Secure Detention Admissions by Section Code 206 and County Class, 2020

The following charts display the utilization of selected codes as a percentage of total secure detention admissions.

Code 206 The child presents extraordinary circumstances requiring secure detention to prevent him/her from absconding. (Such circumstances may include, but are not limited to: the child’s age, character, mental condition, ties to the community, the nature of the child’s family relationships, drug or alcohol addiction and substance abuse.)

Note: Counties that did not use Section Codes 206, 701, or did not have Unknown/Other codes are not included. Please refer to Appendix 9 for total county detention admissions.

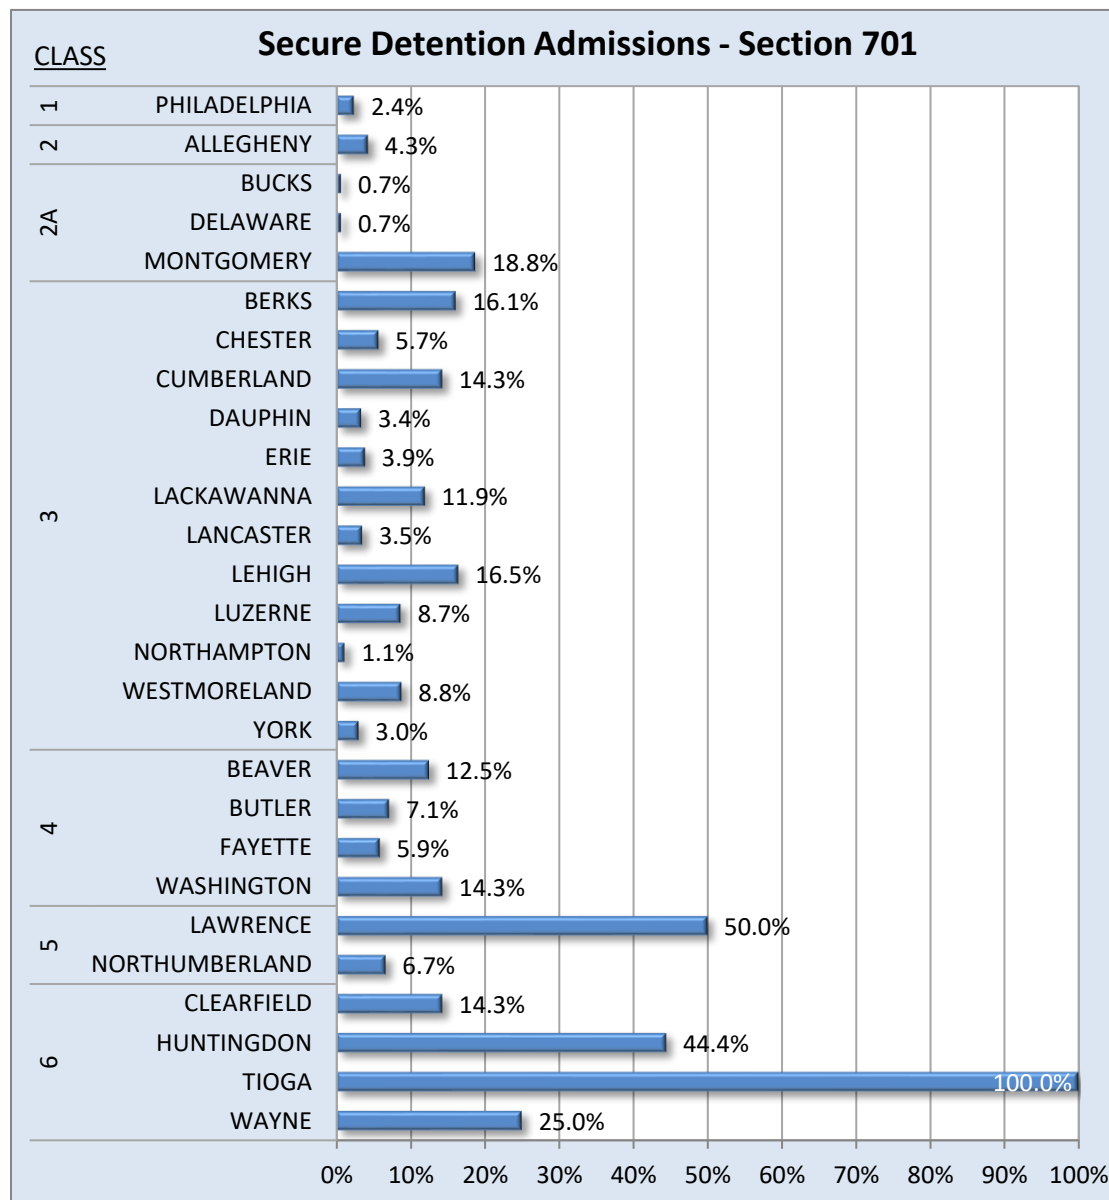

Note: Counties that did not use Section Codes 206, 701, or did not have Unknown/Other codes are not included.

Secure Detention Admissions by Section Code 701 and County Class, 2020

The following charts display the utilization of selected codes as a percentage of total secure detention admissions.

Code 701 Circumstances under which secure detention may be authorized on the basis of extraordinary and exceptional circumstances.

Note: Counties that did not use Section Codes 206, 701, or did not have Unknown/Other codes are not included. Please refer to Appendix 9 for total county detention admissions.

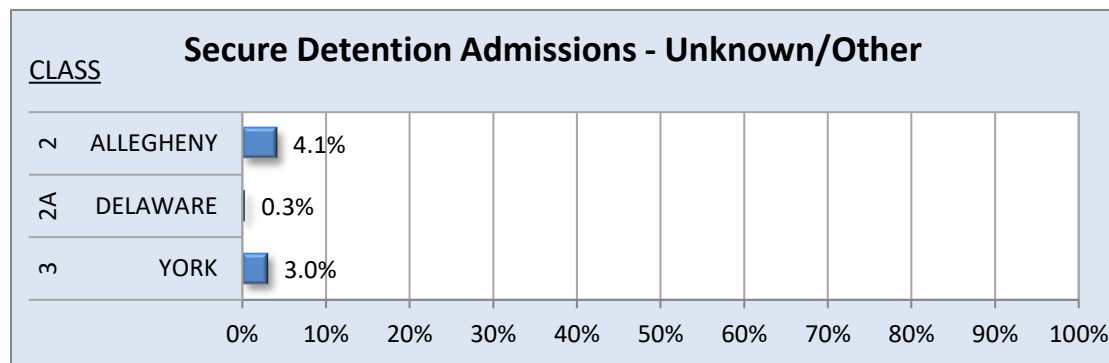

Secure Detention Admissions by Unknown/Other Code and County Class, 2020

The following charts display the utilization of selected codes as a percentage of total secure detention admissions.

Unknown/Other The Unknown/Other category, as shown in this report, indicates that in the majority of cases the admission occurred via a signed court order during a hearing.

Note: Counties that did not use Section Codes 206, 701, or did not have Unknown/Other codes are not included. Please refer to Appendix 9 for total county detention admissions.

Delinquency Dispositions, 2016-2020

The information in this section includes those cases referred to juvenile probation with alleged delinquent offenses. Disposition reviews and Placement reviews, and dispositions involving children alleged to be dependent are not included.

Glossary

Advanced Communication Technology: Any communication equipment that is used as a link between parties in physically separate locations and includes, but is not limited to, systems providing for two-way simultaneous audio-visual communication, closed circuit television, telephone and facsimile equipment, and electronic mail.

Delinquency Allegation: The document completed by a law enforcement officer or other person that is necessary to allege a juvenile has committed an act of delinquency. It is synonymous with a “court referral,” though written allegation is the preferred language.

Dependency Allegation: The document alleging that a child is without proper parental care or control, subsistence, education as required by law, or other care or control necessary for his/her physical, mental, or emotional health.

Detention: A secure holding facility utilized to detain a juvenile temporarily. The term detention when used in this report does not include shelter care.

Disposition: The action/decision implemented or treatment plan decided upon by a juvenile court in response to a delinquency allegation. This is similar to the sentence imposed in criminal court.

Disposition Review Hearing: Hearing that must occur every 6 months for juveniles under court supervision for the purpose of ensuring that the juvenile is receiving necessary treatment and services and that the terms and conditions of the disposition are being met. In this report, disposition review hearings involving out-of-home placement are referred to as placement review hearings (see definition below).

Juvenile: A person who has attained ten years of age and is not yet twenty-one years of age who is alleged to have, upon or after the juvenile’s tenth birthday, committed a delinquent act before reaching eighteen years of age or who is alleged to have violated the terms of juvenile probation prior to termination of juvenile court supervision.

Out-of-Home Placement (or Placement): An out-of-home program utilized as a juvenile court disposition. Included in this definition are placements into group homes, general residential programs, secure residential care, foster care, drug and alcohol programs, residential treatment facilities (RTF), Youth Development Centers (YDC), and Youth Forestry Camps (YFC).

Placement Review Hearing: Hearing that must occur every 6 months for juveniles residing in out-of-home placement for the purpose of ensuring that the juvenile is receiving necessary treatment and services and that the terms and conditions of the placement disposition are being met.
